MEXICANS ON WAY TO ATTACK DEL RIO

Hostile Feeling Aroused Over Southern Republic

MARINES IN CLASH WITH MEXICANS AT MAZATLAN

Governor of Sinaloa Serves Ultimatum on Commander of American Gunboat Annapolis That Is Practically Declaration of War—Refuse to Let Americans Leave.

San Diego, Cal., June 19.—An ultimatum amounting practically to a declaration of war against the United States was served Sunday on Commander Arthur Kavanaugh of the gunboat Annapolis by General Flores, Carranza governor of the state of Sinaloa, according to a radiogram sent from the Annapolis at Mazatlan and received here today by Admiral Winslow, commander-in-chief of the Pacific fleet.

Owing to the lower powered radio set of the Annapolis, difficulty was experienced in communicating with the gunboat but enough facts have come through to indicate that General Flores has taken a hostile stand against Americans and that it was his refusal to permit Americans to leave Mazatlan that resulted in the clash between bluejackets of the Annapolis and Mexicans characterized as Carranza soldiers. The exact substance of his ultimatum has not yet been received.

According to the reports received the commander of the Annapolis advised all Americans in the vicinity of Mazatlan to leave as soon as possible. A boat from the war vessel containing Ensign O. O. Kessing, Paymaster Andrew Mowat and a number of bluejackets approached the wharf. Ensign Kessing being under orders from Commander Kavanaugh to arrange with the Mexican authorities to get out all Americans.

Without provocation it is reported the Mexicans opened fire on the sailors and boatswains Mate I. M. Laughlin was seriously wounded. The Americans returned the first and so far as known six Mexicans were either killed or wounded.

Earlier reports that a drunken Ja-

panese started the trouble are not borne out in reports received here. Ensign Kessing and Paymaster Mowat were taken prisoners and sent to the fortress, but later were released on demands presented to Flores by Commander Kavanaugh.

Carranza Protests.

Washington, June 19.—A clash between Carranza soldiers and American seamen from the gunboat Annapolis at Mazatlan, was called to the attention of the Washington government today by General Carranza's ambassador here, with a request that in the existing tense situation, no men be landed in Mexico from American warships under any circumstances.

Admiral Winslow sent only a brief account of the incident and navy department officials immediately requested a more detailed report. Late tonight it had not been received. Meantime there was no indication that the ambassador's request would alter in any way the administration's plans for protecting Americans in Mexican coast towns, which would involve sending marines and bluejackets ashore to bring off refugees, should any emergency require it. More than a score of American war vessels are already in Mexican waters, en route there, or being held in readiness to go as refugee ships.

Six Mexicans Wounded.

Douglas, Ariz., June 19.—Four Mexican soldiers and two civilians were wounded in the fighting at Mazatlan, according to advices received today at Agua Prieta. The landing of the Americans took place at 10:30 a. m. Sunday.

YUCATAN DECLARES "NO HOSTILE ACTS," WAR AGAINST U. S. FIRST CHIEF URGES

Galveston, June 19.—The Mexican government in Yucatan has issued a proclamation ordering all Americans out of Mexico, and declaring a state of war existing between the two countries, according to passengers arriving here this morning on the Norwegian steamer, Nils, from Progreso. Americans and other foreigners are being taken on board an American gunboat at Progreso. Great excitement is said to prevail.

German Steamer Torpedoed.
London, June 19.—The German steamer Ems, from Christiania for Lubbock, was torpedoed this morning off the coast north of Falkenberg, Sweden, supposedly by a British submarine, says a Reuter dispatch from Stockholm today.

Czar's Men Still Driving Austrians Before Them Toward Carpathian Passes

Having captured Czernowitz, capital of Bukovina, the Russians are well on their way from that city and from various points along the river Pruth, driving the Austrians before them toward the Sereth river and the Carpathian mountain passes. Numerous additional prisoners have been captured by the Russians in their drive and more guns, machine guns, ammunition and foodstuffs have fallen into their hands.

Heavy fighting is still in progress to the north in Galicia and Volhynia with the Russians generally on the offensive, but with the Austro-Hungarians and Germans tenaciously battling against their further advance. In the region south of the Pripiet marshes to the west of Kolki and along the Stokhod river where the Rovell-Kovno railway crosses the stream, the Russian attacks have been partly repulsed by the German general von Linsingen's forces, according to Berlin, while northwest of Lutzk the battle is going in favor of the Germans. Petrograd admits the penetration of the Russian lines by the Austrians west of Lutzk, near the town of Lokatchi, but says that the Russians retrieved this set-back. The announcement of fighting in this region would indicate that the drive in Volhynia has brought the Russians to within twenty miles of Vladimir-Volynsk, the head of the railway running north through Kovel.

Along the Galician border, near Radziviloff, the Russians announce the capture of 1800 prisoners. Berlin reports the situation of the Teutonic allies in northern Galicia near Buczac as unchanged.

PRESIDENT HEADS BIG PREPAREDNESS PARADE IN WASHINGTON

Preparedness parade on Pennsylvania avenue, Capitol in background; President Wilson carrying flag at head of the parade; President and Mrs. Wilson in the reviewing stand.

Led by the president of the United States marching on foot, Washington turned out en masse and marched up Pennsylvania avenue from the Capitol to the White House in a great demonstration in favor of national preparedness in its various forms. It was one of the grandest spectacles ever witnessed in the national capital, a great procession in which civil and official Washington was represented in numbers estimated to exceed 60,000.

WARSHIPS PREPARE TO SAIL FOR MEXICO

FLEET OF SEVENTEEN CRUISERS, GUNBOATS AND DESTROYERS ASSEMBLED.

Naval Forces Believed to Be Sufficient on Both East and West Coasts.

San Pedro, Calif., June 19.—The United States destroyers Hull, Hopkins and Truxtun sailed from here late today to accompany the flagship, San Diego, which is to sail at midnight for forts on the west coast of Mexico. The cruiser Milwaukee will follow in a few days, when necessary repairs are completed.

The warships are under orders to proceed to the west coast of Mexico at top speed. The ships' bunkers were filled to capacity today with coal and large supplies of meat and other stores were taken on board.

The cruisers Colorado and Pittsburgh, the latter the flagship of Rear Admiral Pullam, commander-in-chief of the Pacific reserve fleet, will sail tomorrow to join the ships under Admiral Winslow.

According to advices here, the cruiser Maryland will steam from Bremerton, Wash., tomorrow morning direct to the lower coast. The cruiser South Dakota, now in dry dock at Bremerton, also will be released tomorrow for duty in southern waters. The protected cruiser Milwaukee and the destroyer Stewart are expected to receive orders tomorrow to proceed south. Including ships now in Mexican waters, Admirals Winslow and Sullam will have a fleet of seventeen cruisers, gunboats and destroyers for whatever duty may be required.

That Admiral Winslow contemplates landing a force of bluejackets and marines on Mexican soil in an emergency was indicated today by the fact that officers and sailors of ships owning motorcycles were requested to bring them aboard. It was understood Admiral Winslow would form a motorcycle squadron for scouting purposes in case bluejackets are landed.

Vessels in Mexican Waters.
Washington, June 19.—The following list of American war vessels in Mexican waters, en route there or held in readiness to go, was given out today by the navy department, based on latest reports to the department:

East coast: Battleship Nebraska at Vera Cruz; gunboat Wheeling at Puerto Mexico; gunboats Machias and Marietta at Tampico; tender Diadem en route to Tampico; scout cruiser Salem en route Guantanamo to Tampico; transport Hancock en route San Do-

KING ALPHONSO SUGGESTED AS POSSIBLE PEACEMAKER.

Madrid, June 19, Via Paris.—The Spanish press association today received a cablegram sent on behalf of the Spanish colony in Mexico City, asking it to urge King Alfonso to take action to prevent war between the United States and Mexico. The selection of the king as arbitrator is suggested.

WEATHER

WHY IS IT A KID ALWAYS TAKES A NEW PAIR OF BOOTS FOR A DIVING SUIT?

VOLUNTARY FORECAST.
By Isidor Block, D. O. S., F. R. Met. S., Optician and Meteorologist.

Generally fair, with no decided change in temperature.

The weather report for the twenty-four hours ending at 7 o'clock last night is as follows: Maximum temperature 25 at 4 p. m.; minimum 72 at 5 a. m.; barometer 29.75; humidity 48; wind passage 231, the fastest being 19 miles at 12:10 p. m.

There is a low pressure centered over the Rockies and moving this way, but the indications at present are that it will not turn northeastward and not give a precipitation here.

Government Forecast.
Washington, June 19.—Forecast: Louisiana and Texas—Fair Tuesday and Wednesday; continued warm, moderate winds.
Oklahoma—Probably fair and continued warm Tuesday and Wednesday.

AMERICANS COMING BACK ACROSS BORDER

SPECIAL TRAIN FROM NACAZARI IS BRINGING ONE HUNDRED AND TEN REFUGEES.

Cananea Foreign Colony Is Utilizing Autos to Reach Arizona Soil.

Douglas, Ariz., June 19.—A special train will leave Nacozari, Sonora, tonight with 110 Americans and other foreigners aboard. It is also reported here on good authority that American employees of the mines and smelters in Cananea will come to the border at Naco tonight or early in the morning.

A telegram from W. A. Julian, United States consular agent at Cananea today said:

"Local conditions here are again normal. General Calles issued a circular today calling on all citizens to respect the rights and safety of foreigners. Mine and smelter workers are working with full crews."

It was reported late today on what appeared to be competent authority that Consul Frederick Simpich had issued orders from his office at Nogales that all Americans should leave the portions of Mexico under his jurisdiction at once.

Brigadier General T. F. Davis, commanding the American troops in the Arizona district, today issued a statement intended to reassure Mexican residents here.

General Davis' statement follows: "On account of the raids and the resulting pursuit of bandits occurring along the Rio Grande uneasiness over the situation is apparent among the Mexican population of the border towns in the United States. It may be so in Douglas. Trouble has been and still is conspicuously absent along the Arizona-Sonora border and still is conspicuously absent along the Arizona-Sonora border and no occasion has arisen here for any change in the prevailing quiet and order. Mexicans residing or working in Douglas and vicinity need not be alarmed; they will not be molested by United States troops unless they give cause for such action."

It is understood here that the Moccasin Copper company at Nacozari will be operated by Mexican employees during the absence of the Americans unless warfare intervenes to prevent. "It is understood that similar arrangement is being made in Cananea. Many Cananea people came out by automobile Sunday and today. The management of El Tigre stated positively this afternoon that employees will not be brought out at this time."

CARRANZA TROOPS MARCH AGAINST BORDER TOWN

San Antonio, June 19.—Mexican government troops were reported tonight to be marching towards Del Rio, a border town about 100 miles up the Rio Grande from Eagle Pass, with the announced intention of attacking the Americans there. This information was the most notable bit of evidence indicating the attitude of the de facto government that reached General Funston today. It was brought to the border by a Mexican, who said the force was 1500 strong. According to his report, the Mexican troops said they intended to attack the Americans tonight or tomorrow night. It was estimated that late today they were about forty miles south of Del Rio.

Colonel Frederick W. Sibley of the Fourteenth cavalry, who commanded the expedition that entered Mexico after the Glenn Springs raid, is in command at Del Rio. It was believed here that he was prepared to take care of his position, but to make his position more certain, General Greene sent from Eagle Pass in motor trucks a battalion of the Third infantry. The battalion should arrive in Del Rio before morning.

The Mexican force reported moving north is believed to be the same force sent north by the governor of Coahuila, Gustavo Mireles Espinosa, with instructions to drive Colonel Sibley's force from Mexico when he was operating south of Glenn Springs.

WAR OR PEACE NOW UP TO MEXICAN FIRST CHIEF

While Reply to Demand for Withdrawal Is Being Revised the Steady Tramp of Guardsmen Responding to Call Sounds Over the Entire Nation.

Washington, June 19.—Upon General Carranza's reception of a stern refusal to heed his demands for recall of the American troops from Mexico hinges the question of a Mexican war, in the opinion of President Wilson's close advisers. They were prepared tonight for the possibility of open hostility after the note, which will be sent forward tomorrow, has reached Carranza's hands.

No indication has come that the first chief's attitude of implacable hostility would be shaken by the reiterated declaration of the latest communication that the United States has no aggressive or warlike purpose toward Mexico but is firmly resolved to protect her borders and enbridge in the border states.

The reply to Carranza's note demanding recall of General Pershing's expedition was in the hands of the government printer tonight preparatory to its delivery and publication tomorrow. Secretary Lansing had intended to send it forward today but at the last moment minor changes and additions to the six thousand word document necessitated delay. Although it had been planned to send it by special message to Mexico City

the situation has changed and it probably will be handed to Eliseo Arredondo, Mexican ambassador designate.

GUARDSMEN MOBILIZING.

While the diplomatic steps were in progress today the nation was stirring throughout its width and breadth with the movement of National Guardsmen mobilizing to guard the border. At least 100,000 and possibly a larger number were preparing for active service under President Wilson's call. For the present their mission will be purely one of defense, but should war come they will be ready also for that. No marching orders for the new forces had gone out tonight. They will not be assigned for border duty until mustered into the federal service.

Even when the mobilization is completed only such units will be ordered south as General Funston desires to fill the gap in his 1,800 mile guard line. The remainder will rest on their arms at the state mobilization camps for the present waiting the turn of events.

Official reports from many quarters show that a flame of popular feeling against the United States is being kindled throughout Mexico. Apparently it is being done with the

Governor Ferguson Assures Texas Mexicans Protection So Long as They Are Loyal

Austin, June 19.—Governor Ferguson today issued a statement addressed to Texas Mexicans as requested by General Funston, in which he said:

To Texas Mexicans.—At this time I want to say a word to citizens of Mexican parentage residing permanently or temporarily in Texas.

The state of Texas demands of all persons while in her borders absolute obedience and respect to her laws and constituted authorities.

If Texas Mexicans will aid, by words and deeds, the various peace officers in Texas to carry out this demand, they need have no fear of bodily harm and they will receive the protection of our laws.

If they do not in some manner show their loyalty to this state and nation, they will bring trouble upon themselves and many crimes will be committed which cannot be prevented.

There are thousands of Mexicans in Texas employed in many different occupations. This employment will continue so long as Mexicans remain loyal to Texas.

Americans want to mistreat you and want you to join some secret movement, report him at once to the first officer you can get to. Report the names of other Mexicans who are mixed up in the gang. Show that you are loyal to this country, and as governor of Texas, I guarantee that you will be protected from all harm. In addition to this, I will pay a very liberal reward in gold to any Mexican who will furnish to the sheriffs and ranger captains, reliable information and names of those who are seeking to arouse the Mexicans of Texas to take up arms against the Americans or destroy their property.

I earnestly invite the help and co-operation of all law-abiding Mexicans in keeping down any race hatred and strife. If you do not want to confer with the officers, write me direct at Austin.

But the better plan is for the good Mexicans to get in close relation with the officers and show them that you are loyal citizens and there will be no trouble in Texas.

I appeal to the Mexican press and Mexican leaders to warn their people against the strange Mexican who comes to this country to stir up trouble. By doing so you can render a great service to your people and you will be the means of promoting peace and good will between Texas and Texas Mexicans.

Signed: James E. Ferguson, Governor of Texas.
By John G. McKay, Sec. of State.

Only bombardments, violent in the region northwest of Verdun, and against the British position near Neuville St. Vaast, but intermittent elsewhere, have taken place along the rest of the line in France and Belgium.

Numerous battles in the air in which six German machines, among them two Fokkers, were driven down by the British, are recorded in the British official communication. The British themselves lost two aircraft.

A severe battle between the Austrians and Italians is in progress on the Setti Comuni plateau to the west of Asiago. On the various other sectors, southeast of Trent, numerous Austrian attacks have been repulsed. The Italians report some progress northeast of Asiago and the capture of one hundred Austrians and two machine guns.

Three Italian steamers and five Italian ships have been sunk. At least one of the vessels, the steamer Leprovita, is reported to have been sent to the bottom by Austrian submarines.

I earnestly invite the help and co-operation of all law-abiding Mexicans in keeping down any race hatred and strife. If you do not want to confer with the officers, write me direct at Austin.

But the better plan is for the good Mexicans to get in close relation with the officers and show them that you are loyal citizens and there will be no trouble in Texas.

I appeal to the Mexican press and Mexican leaders to warn their people against the strange Mexican who comes to this country to stir up trouble. By doing so you can render a great service to your people and you will be the means of promoting peace and good will between Texas and Texas Mexicans.

Signed: James E. Ferguson, Governor of Texas.

Coahuila Governor Seizes American Sheep and Cattle

San Antonio, Tex., June 19.—Gustavo Espinosa Mireles, governor of Coahuila, has ordered the seizure of about 100,000 head of American owned cattle and sheep in Northern Mexico as a "military necessity," according to information given to General Greene at Eagle Pass late today by American ranchers and forwarded by him to army headquarters here. Tom Franks, foreman of the Charles Turner ranch, and Dr. Rose of Eagle Pass are two of the ranchers said to have reported the incident.

Gov. Espinosa Mireles is said to have ordered that the sheep be taken first and already thousands have been run off from the Rose-Meyer ranch. The were driven southward towards the Carranza forces.

In the region where the order is effective there are a dozen or more big ranches owned and operated by Americans.

WAR OF PEACE RUN UP TO MEXICAN FIRST CHIEF

CONTINUED FROM PAGE ONE.

sanction of General Carranza for the acts in many cases are those of his authorized military or civil agents.

MEXICANS BEING CALLED TO ARMS.

From Juarez to the west coast of Mexico posters have appeared calling the people to arms and asserting that the United States is preparing to hurl its armies into Mexico. Chaotic conditions prevail everywhere, it is said. Clashes such as that between Carranza troops and American bluejackets at Mazatlan yesterday show that relations are strained to the breaking point. The act of a subordinate commander anywhere may bring on fighting which will result in war.

So far as officials here are aware, General Carranza is taking no strong measures to curb his soldiers and partisans. Upon this fact many founded their belief that he is determined to force matters, an issue unless the American troops are withdrawn.

Neither state department officials nor members of the diplomatic corps have been able to satisfy themselves as to Carranza's motives. There are some, however, believe he hopes to triumph over his powerful nation neighbor or upon a war move which might establish his tottering government in popular estimation. Once the war was on and the certain defeat of his armies foreshadowed, these observers say, Carranza might sue for peace, trusting to the magnanimity of the Washington government to leave him in power.

UNEASINESS OVER AMERICANS.

Increasing uneasiness over the plight of some 5,000 American citizens now in Mexico was manifested today in official quarters. Approximately 1,200 of that number are in Mexico City despite warning after warning through American consuls and officials advising them to leave Mexico immediately was sent by the state department through Special Agent Rogers a day or two ago.

Officials do not believe the Carranza government would sanction an attack upon American residents or that other foreigners would be involved in the case of a terrible possibility. A weapon of terrible possibility is being forged in Mexico, however, with the attempts to incite the ignorant poor population to a war like feeling against the United States.

Mobs formed by half-starved natives who have been told that all of Mexico's accumulated troubles are traceable to the Americans, might well precipitate a situation beyond the control of the government.

Careful preparations have been made for the protection of the big American colony near Tampico.

In the sea and gunboats and light craft already have been designated to offer prompt aid. If necessary, small landing parties would be sent to open a way to the boats.

HARD TO REACH CITY OF MEXICO.

For the City of Mexico problem, however, no such solution presents itself. It was suggested to one official today that an expeditionary force might be rushed to the relief of Americans there. He replied that it would mean moving an army of 10,000 or perhaps 100,000 men and would take at least two months to get them there.

Although practically no details concerning the mobilization of National Guardsmen reaching the war department today, acknowledgments of the orders came from every governor, with word that the troops had been ordered under arms. In several instances, the state was allowed to request that the full contingent to the border be sent to the city of Mexico.

Governor Dunne of Illinois was one of those who made this request.

Secretary Baker announced during the day that he had asked Representative Hay and Senator Chamberlain, chairmen of the house and senate military committees, to endeavor to bring about the adoption by congress of a resolution putting into effect the military draft provisions of the new army organization bill which will become effective July 1.

The resolution probably will be presented tomorrow in both houses. With this information came also the statement that the orders calling out the state troops were so framed as to make it possible to compel the presence at the border of the full complement of the National Guardsmen, in which status they bear a distinct relation to the federal government and in which they are the first source for obtaining volunteers for the organized militia.

They were also summoned as members of the organized militia and as such cannot be used beyond the border, though available for any duty within the United States.

The draft provision of the new law is applicable to every member of the National Guard or the National Guard reserve. It cannot be made retrospective, however, and all National Guardsmen must voluntarily take the dual oath of enlistment under the federal and state governments before they can become subject to its operation.

It is believed here that there will be little objection on the part of most of the Guardsmen. It is planned to exercise the draft immediately if congress adopts the resolution, and state soldiers who have taken the oath then will become federal soldiers, with no connection whatever with the National Guard or the organized militia. They will be available for service in Mexico without further legal formalities.

On the other hand, those who may refuse to take the oath will not therefore be subject to draft will remain under federal control under the portions of the old law which still is operative. They will be available for guard duty along the border, if for nothing else, and army officials feel the urgent need of keeping them ready for that purpose.

The resolution, it is understood, will authorize the president to employ the armed forces of the United States either in Mexico or along the border for defensive purposes. Such a provision would meet the objection of those who hold that a sufficiently clear authority has not been given by congress for providing that drafting of National Guardsmen can begin only after proper authorization has been given by congress for the employment of forces other than the regular army. Legal officials of the war department desire to make certain that no complications will arise later to block efficient use of the state troops.

AMPLE EQUIPMENT ALREADY ON HAND.

Ample equipment of all kinds is on hand at the various depots of the army, Secretary Baker said today, to complete the outfitting of all the guardsmen called for service. A sufficient supply of field

artillery and machine guns and enough ammunition for any fighting that might occur also is on hand.

The most pressing need will be horses to mount all of the National Guard cavalry and supply gun teams for the field batteries. The large excess of army remounts for the needs of the regulars will fall short of the present needs by many thousands. Some of the states have purchased horses for their mounted troops and artillery, in some cases the cavalry uses privately owned mounts, and in many cases horses hired for draft animals. Officials are busy working out the number that must be supplied and the quickest way of procuring them.

Another step taken at the war department today was preparation of a calling list of the medical reserve corps to examine guardsmen for muster into the federal service. The physical standard of the regular army, in some states that already is required, will be the basis for the others.

There is reason to believe, officers say, that men incapable of arduous military service have been enrolled for the purpose of keeping the companies up to the minimum strength necessary for federal recognition and participation in federal appropriations.

In this connection it was learned that 1,000 men of the New Mexico guard called for federal service were found unsuited for that state. It is said that the guardsmen were found to be in poor health and that the others were waiting recruitment to the required minimum of sixty-five men.

No additional orders have been sent to the state troops until it has been completed muster into federal service. General Funston will be informed that a given number of infantry are available for his use. He will designate the places on the border to which he desires forces and will designate the troops to go and then arrange for their prompt transportation.

REST OF GUARD MAY BE CALLED OUT.

There is nothing to indicate how many troops will be required immediately in the event of an open breach with the Mexican government the whole force probably would be sent to guard the international line. It has been suggested that 25,000 additional men would be sufficient to stiffen the border guard for present purposes. If that number were sent forward immediately, part of those men would be sent to the border to guard the international line.

Should war come it is virtually certain that the National Guard, probably thirty thousand strong, would be ordered out. The state would be called upon to call for volunteers unless the department found it impossible to recruit the regular army under that act. A new army bill, in any event President Wilson probably will fix the size of the army under that act at the full strength authorized by law, making a total of close to 300,000 troops.

Should the department receive many inquiries today as to what immunities would be granted married men who are members of the National Guard. While members of the National Guard are not to be called out for service from home, that leaves should be granted those who can show that their absence from home would be a privation to dependent families, it was pointed out that each case must be presented separately and would be decided on its merits.

INDIGESTION DYSPEPSIA GASTRITIS STOMACH ULCERS

Why Magnesia Should Be Taken After

A flushed face may be the first noticeable symptom of indigestion, but it is a warning and soon there is a unmistakable pain for which there is no relief. At first the symptoms may be relieved by peppermint, but as the pain increases, it is usually the underlying cause of the trouble, and consequently the indigestion becomes chronic dyspepsia. The dyspeptic is always a patient, liable to gastritis, and only too often the indigestion becomes a chronic ulcer of the stomach, and a source of much suffering and death.

For this reason physicians place much importance upon keeping a stomach free from harmful acid and are continuously advising chronic dyspeptics and those of indigestion to keep a little pure, odorless, and tasteless magnesia handy, and to take a teaspoonful in little water after every meal.

Practically any druggist can supply you with bisulphate of magnesia or a stomach sufferer may get a trial. Care should be taken to tell the druggist to give you magnesia in the bisulphate form, as other magnesia preparations while valuable as laxatives and mouth washes are not recommended for the correction of stomach acidity.

VANCE M'CORMICK PLANS AGGRESSIVE NATIONAL CAMPAIGN

Washington, June 19.—Plans for an aggressive campaign to begin immediately were laid by Vance McCormick, newly elected chairman of the democratic national committee after conference today with President Wilson.

Representative Glass, the secretary of the committee, Secretary McAdoo, Postmaster General Burleson, Secretary Tumulty and several other democratic leaders.

Mr. McCormick spent three hours with the president. Later he visited with the members of the cabinet and went to the capital to see congressional leaders.

"I have begun my work and from now on will devote my entire time to pushing the democratic campaign," said Mr. McCormick tonight. "With a united and harmonious party the prospects for victory in November are very bright. The plans have not been put in shape yet but I expect to see the president again in a few days and soon we will have everything in working order."

The main headquarters of the democratic national committee will be located in New York but much of the work will be done here and in Chicago. Mr. McCormick expects to be in New York tomorrow to confer with leaders. The first work, he said, will be to select a campaign committee of about eleven members of congress, which will be ex-officio chairman.

The date for formally notifying President Wilson of his renomination probably will not be fixed until after the republican committee announces plans for the notification of Mr. Hughes. The president already has begun preliminary work on his speech of acceptance. While it will follow the general lines of the democratic platform it will emphasize particularly the regular campaign to be fought—Americanism and peace, preparedness and prosperity.

Bridge Burned East of Laredo

Laredo, June 19.—A small bridge on the International & Great Northern railway, thirty miles east of Laredo, was burned tonight. Texas Rangers and military authorities are investigating reports that it was the work of Mexican bandits or their sympathizers. The night train into Laredo has been delayed, pending reconstruction of the bridge.

Wilson Attends Play Showing His Handling Mexican Situation

Washington, June 19.—President Wilson, who has devoted nearly all his time for several days to the Mexican situation, attended the opening performance of a play based almost entirely on his handling of the question. The audience applauded when he entered and clapped frequently during the performance when his name occurred in the lines of the play.

Lodge Thinks Teddy Will Support Hughes

Oyster Bay, N. Y., June 19.—After a conference here tonight with Theodore Roosevelt, United States Senator Henry Cabot Lodge of Massachusetts, declared that he believed the former president would support Charles E. Hughes in the forthcoming campaign.

"I found Colonel Roosevelt looking much better than I had expected," said Senator Lodge. "Of course we discussed Mr. Hughes, but very little of Mexico."

"Will the Colonel support Mr. Hughes?" he was asked. "He replied, 'That is my impression,' said Senator Lodge."

Significance was attached to Senator Lodge's visit as it was said he conferred earlier in the day in New York with Mr. Hughes and W. Murray Crane.

Funston's Friends Ready.

Iola, Kans., June 19.—The members of the Iola Signal Corps are sleeping in their armory here tonight, expecting to entrain for Fort Riley at daybreak. Orders for mobilization were received here today.

As this county is the home of General Funston there was considerable enthusiasm here when the mobilization orders were received.

DRUGGIST STEWART OF BIRMINGHAM TELLS OF REMARKABLE VITALITAS RECORD.

"I have been in the retail drug business in Birmingham for the past ten years and I have the first time to hear of any remedy getting such a hold on the public as Vitalitas has in this town," states Mr. C. A. Stewart, a widely known Birmingham druggist of 1600 Tenth Avenue, South.

"You cannot turn around," he said, "unless you hear someone praising Vitalitas and what it has done for them. It certainly has merit to get such a hold on the public in such a short time. I do not know of any remedy more powerful than Vitalitas, but I would rather sell than buy Vitalitas, because you naturally want to recommend something you have faith in yourself and I have faith in Vitalitas. When I sell a bottle of Vitalitas I feel that I am selling a remedy that has merit and will do the work. I personally know people who have been cured and benefited by its use. I think Vitalitas one of the greatest remedies on the market today and will push it whenever possible."

Not only has Vitalitas taken hold upon the people of Birmingham, but upon those of every city and town throughout the South. It is performing marvels in the cure of chronic disorders of stomach, liver, kidneys, bowels and blood.

MEXICANS BEING CALLED TO ARMS.

Carranza's claims prevail everywhere. It is said, clashes such as that between Mexican troops and American bluejackets at Mazatlan yesterday show that relations are strained to the breaking point. So far as officials here are aware, General Carranza is taking no strong measures to curb his soldiers and police. Upon this fact many founded their belief that he is determined to force matters. An issue unless the American troops are withdrawn.

Neither state department officials nor members of the diplomatic corps have been able to satisfy themselves as to Carranza's motives. There are some, however, believe he hopes to ride into popularity by a diplomatic triumph over his powerful nation neighbor or upon a war move which might establish his towering government in popular estimation. Once the war was on and the certain defeat of his armies foreshadowed, these observers say, Carranza might sue for peace, trusting to the magnanimity of the Washington government to leave him in power.

UNEASINESS OVER AMERICANS.

Increasing uneasiness over the plight of some 5,000 American civilians now in Mexico was manifested today in official quarters. Approximately 300 of that number are in Juarez through spite warning after warning through American consuls and other officials. Another emphatic message advising them to leave Mexico immediately was sent by the state department through Special Agent Rogers a day or two ago.

Officials do not believe the Carranza government would sanction an attack upon American residents or that the means being used in Mexico, however, as with the attempts to incite the ignorant poor population to a mob feeling against the United States. Mobs formed by native-born natives accumulated troubles are traceable to the Americans, might well precipitate a situation beyond the control of the government.

Preparations have been made for the protection of the big American colony near Tampico. In numbers it exceeds that in the capital, and it near the sea and has been designated to leave Mexico immediately. If necessary, small landing parties would be sent to open a way to the boats.

Secretary Baker announced during the day that he had asked Representative Hay and Senator Chandler, chairmen of the house and senate military committees, to endeavor to bring about the adoption by congress of a resolution putting into immediate effect the militia draft provisions of the new army organization bill which is effective July 1.

The resolution probably will be presented tomorrow in both houses.

With this information came also the statement that the state troops were so framed as to make it possible to compel the presence at the border at least of every man enrolled. They were summoned as National Guardsmen, in which status they bear a distinct relation to the federal government and by laws are the first source for obtaining volunteers who have no connection with the states. They were also summoned as members of the organized militia as such cannot be used beyond the border, though available for any duty within the United States.

The draft provision of the new law is applicable to every member of the National Guard or of the National Reserve. It cannot be made retrospective, however, and all National Guardsmen must voluntarily take the oath of enlistment before the federal and state governments before they can become subject to its operation.

It is believed here that there will be little objection on the part of members of the National Guard to the exercise of the draft immediately if the soldiers who have taken the oath then will become federal soldiers, with no connection whatever with the National Guard or of the National Reserve. The resolution, it is understood, will authorize the president to call into service the various depots of the army in Mexico or along the border for defensive purposes. Such a provision would meet the objection of those who hold that a sufficiently clear authorization has not been given for the purposes of section three of the new army bill providing that drafting of National Guardsmen can begin only after proper authorization has been given by congress for the employment of forces other than the regular army. Legal officers of the war department desire to make certain that no complications will arise later to block efficient use of the state troops.

AMPLE EQUIPMENT ALREADY ON HAND.

Ample equipment of all kinds is on hand at the various depots of the army, Secretary Baker said today, to complete the outfitting of the guardsmen called for service. A sufficient supply of field

artillery and machine guns and enough ammunition for any fighting that might occur also is on hand.

The most pressing need will be horses to mount the National Guard cavalry and supply gun teams for the field batteries. The large excess held in army remounts for the needs of the regulars will fall short of the present needs by many thousands. Some of the states have purchased horses for their mounted troops and artillery, in some cases the cavalry uses privately owned mounts, and in many cases horses are hired for drills. Officials are busy working out the number that must be procured in the quickest way of procuring them.

Another step taken at the war department today was preparation of orders calling out doctors of the medical reserve corps to examine guardsmen for muster into the federal service. The department will insist upon the high physical standard of the regular army, and there will be little delay. In others there is reason to believe, officers say, that men incapable of arduous military service have been enrolled for the purpose of increasing the companies up to the minimum strength necessary for federal recognition and participation in federal appropriations.

In this connection it was learned that 1,000 men of the New Mexico guard called out some weeks ago were found unsuited for service. Only three companies from that state, it is said have been mustered in up to date, the balance awaiting recruitment to the required minimum of sixty-five men.

No additional orders had been sent to the state troops until it has completed muster into the federal service. As fast as this work is accomplished, the department will be informed that a given number of infantry or artillery troops are available for his use.

When the National Guard is mobilized to the border, the war department will then designate the troops to guard their range for their prompt transportation.

REST OF GUARD MAY BE CALLED OUT.

There is nothing to indicate how many troops of the National Guard will be called out in the event of an open breach with the Mexican government the whole force probably would be sent to general mobilization camps at suitable points near the international line. It has been suggested that 25,000 additional troops would be required to stiffen the border guard for present purposes. If that number were sent forward immediately, the mobilization of the state troops would be complete by the time they are needed. The plan contemplates distributing the duty of guarding the border as evenly as possible among all the states, making each will serve also to give the guard needed training and greatly increase the efficiency of the force against future emergencies.

Should war come it is virtually certain that the remainder of the mobilized troops of the National Guard, probably thirty thousand strong, would be ordered out. This force might be supplied by the National Guard, unless the war department found it impossible to recruit the regular army up to the increased strength authorized under the new army bill. In any event President Wilson probably will fix the size of the regular army under that act at a total strength of 100,000 troops.

The war department received many inquiries today as to the status of the National Guard. While most officials were inclined to believe that the National Guard would be called out, they were also inclined to believe that the National Guard would be called out, they were also inclined to believe that the National Guard would be called out.

INDIGESTION DYSPEPSIA GASTRITIS STOMACH ULCERS

Why Magnesia Should Be Taken After Every Meal.

A flushed face may be the first noticeable symptom of indigestion, but a burning pain in the stomach is a more unmistakable sign. Indigestion is a progressive ailment. At first the symptoms may be relieved by peppermint, mouth or soda but these things do not overcome the excessive acid in the stomach which is usually the underlying cause. The trouble, and consequently the acid accumulates and the condition of indigestion becomes chronic dyspepsia. The dyspepsia is always particularly liable to gastritis and gastric ulcer. In the stomach are also too often the forerunners of peritonitis, stomach cancer and death.

For this reason physicians place such importance upon keeping a stomach free from harmful acids and are continuously from harmful acids and are continuously from harmful acids.

Those who only suffer occasional attacks of indigestion to keep a little pure soda of indigestion to keep a little pure soda of indigestion to keep a little pure soda.

Practically any drugist will all ply you with a little pure soda of indigestion to keep a little pure soda of indigestion to keep a little pure soda.

VANCE MCCORMICK PLANS AGGRESSIVE NATIONAL CAMPAIGN

Washington, June 19.—Plans for an aggressive campaign to begin immediately were laid by Vance McCormick, newly elected chairman of the democratic national committee after conferences today with President Wilson, Representative Glass, the secretary of the committee; Secretary McAdoo, Postmaster General Burleson, Secretary Taft and several other democratic leaders.

Mr. McCormick spent three hours with the president. Later he visited most of the members of the cabinet and went to the capital to see congressional leaders.

"I have begun my work and from now on will devote my entire time to pushing the democratic campaign," said Mr. McCormick tonight. "With a united and harmonious party the prospects for victory in November are very bright. The plans have not been put in shape yet but I expect to see the president again in a few days and soon we will have everything in working order."

The main headquarters of the democratic national committee, he said, will be in New York but much of the work will be done here and in Chicago. Mr. McCormick expects to be in New York tomorrow to confer with leaders. The first work, he said, will be to select a campaign committee of eleven members of the platform. Mr. McCormick expects to be in New York tomorrow to confer with leaders.

The date for formally notifying President Wilson of his renomination probably will not be fixed until after the republican committee announces the platform. The notification of Mr. Hughes. The president already has begun preliminary work on his speech of acceptance. While it will follow the general lines of the democratic platform it will emphasize particularly the issues on which the president expects the campaign to be fought—Americanism and peace, preparedness and prosperity.

Bridge Burned East of Laredo

Laredo, June 19.—A small bridge on the International and Great Northern railway, thirty miles east of Laredo, was burned tonight. Texas Rangers and military authorities are investigating reports that it was the work of Mexican bandits. The bridge is being delayed, pending reconstruction of the bridge.

Wilson Attends Play Showing His Handling Mexican Situation

Washington, June 19.—President Wilson, who has devoted nearly all his time for several days to the Mexican situation, attended the opening performance of a play based almost entirely on his handling of the question. The audience applauded when he entered and clapped frequently during the performance when his name occurred in the lines of the play.

Lodge Thinks Teddy Will Support Hughes

Oyster Bay, N. J., June 19.—After a conference here tonight with Theodore Roosevelt, United States Senator Henry Cabot Lodge of Massachusetts, declared that he believed the former president would support Charles E. Hughes in the forthcoming campaign. "I found Colonel Roosevelt looking much better than I had expected," said Senator Lodge. "Of course we discussed Mr. Hughes, but very little of Mexico."

"Will the Colonel support Mr. Hughes?" he was asked. "That is my impression," replied Senator Lodge.

Significance of Lodge's visit as it was said he conferred earlier in the day in New York with Mr. Hughes and W. Murray Crane.

Funston's Friends Ready.

Iola, Kans., June 19.—The members of the Iola Signal Corps are sleeping in their armory here tonight, expecting to entrain for Fort Riley at daybreak. Orders for mobilization were received here today.

As this county is the home of General Funston there was considerable enthusiasm here when the mobilization orders were received.

GOT STRONG GRIP IN SOUTHERN CITY

DRUGGIST STEWART OF BIRMINGHAM TELLS OF REMARKABLE VITALITAS RECORD.

"I have been in the retail drug business in Birmingham for the past ten years and I have the first time to hear of any remedy getting such a hold on the public as Vitalitas has in this town," states Mr. C. A. Stewart, a widely known Birmingham druggist of 1600 Tenth Avenue, South. "You cannot turn around," he said, "unless you hear someone praising Vitalitas and what it has done for them. It certainly has merit to get such a hold on the public in such a short time. I do not know of any remedy I would rather sell than Vitalitas, because you naturally want to recommend something you have faith in, yourself and I have faith in Vitalitas. When I sell a bottle of Vitalitas I feel that I am selling a remedy that has merit and will do the work. I personally know people who have been cured and benefited by its use. I think Vitalitas one of the greatest remedies on the market today and will push it whenever possible."

Not only has Vitalitas taken hold upon the people of Birmingham, but upon those of every city and town throughout the South, where it has been introduced. It is performing marvels in the cure of chronic disorders of stomach, liver, kidneys, bowels and blood.

significant as to the strength of the Hon. S. P. Brooks, for many reasons. The editors of Texas are in a position to get the drift of public opinion. The strength of the vote is emphasized by the fact that he is a private citizen, has never held public office, has never been in a position to grant favors, has no political influence, and has not advertised in any newspaper in Texas for the reason that he has no campaign fund and consequently has had no money with which to do so. His vote is not only a tribute to Dr. Brooks, but it is as well a vindication of his judgment when he said that his opinion was that it was best to let the newspaper men of Texas for the reason that he has such confidence in their honor and integrity as to believe that their opinions would be under control of the profits of their advertising columns.

About 1000 Dog Tags Have Been Sold by City So Far

It is stated that more dog tags have been paid at the office of the city tax assessor this year than ever before in one year, and yet the number of dogs has been cut down materially in the city.

The grade of dogs has been raised and the cures are disappearing except in certain quarters. Nearly 1,000 dog tags have been secured, and this is the largest number up to the present time. There are still a good many dogs in the city without tags, however, and these are being caught by the dog catchers.

It is announced that the dog catchers will go on with their work until all dogs shall have been caught or provided with the necessary tags for protection.

TO BOOST J. M. PENLAND AS DISTRICT GOVERNOR

LOCAL ROTARIANS NAME CAMPAIGN COMMITTEE TO LOOK AFTER PLANS.

Will Inaugurate Contest to Select Municipal Flag for Waco—Willis Is Orator.

Looking to the election of J. M. Penland as district governor of International Rotary, a campaign committee consisting of R. J. Windrow, E. F. Drake and Dr. I. L. McGlasson was appointed at the regular meeting of the club at the State House yesterday. It will be the duty of the committee to wage an aggressive campaign by publicity and personal appeal for the election of Mr. Penland at the Cincinnati convention, July 16-20. The committee will urge local Rotarians to take their vacation at the convention.

Joe Willis was the orator for the day, making an interesting address on the manufacture, distribution and fluctuation in prices of drug sundries. Mr. Willis is manager of the sundry department of the Waco Drug company. He showed how the various materials that go into the making of brushes, toilet articles and the like were secured and the intricate processes of manufacture. A. A. Davis, who was to have spoken, was unable to be present because of sickness in his family. Tom Wolfe was the toastmaster for the luncheon.

It was announced that Prof. F. W. Hensel of Agricultural and Mechanical college had been secured to make an inspection of the flower entries in the Rotary contest beginning Wednesday and continuing through the remainder of the week. He will be accompanied by various Rotarians on his judging trips. There have been over 600 entries in the contest. R. J. Potts is chairman of the committee having in charge the details of the flower contest.

Secretary H. M. Cox of the club was elected as delegate to the Cincinnati convention, and he with President E. Booth and J. M. Penland will make three duly elected delegates. Langdon E. Luedde and R. J. Windrow were selected as alternates. Sol Hirschberg made a strong plea for attendance at the Rotary convention, declaring that it would be a gathering of fine-spirited men and that the entertainment planned was of a character worth while.

At a conference of the directors it was determined to recommend that the club offer a prize of \$25 cash in a contest to the one who would select the plan for the flag for Waco. The one and the flag design adjudged most fitting for Waco to be declared winner. B. C. Nettles, Roy E. Lane and W. W. Seely were appointed as the committee in charge of the contest.

The newly elected president, E. L. Booth, took occasion to express his deep appreciation for the honor conferred on him, declaring that it was a distinction worthwhile to be made president of the Rotary club of Waco. F. M. Fillenig of the Burroughs Adding Machine company gave a substantial paper knife to each of the members and Bert R. Burr gave the members choice cigars as a souvenir of the hour.

R. W. Woolridge, manager of Armour & Co., will be orator at the meeting next week. Edgar E. Witt will be the toastmaster and Sheriff S. S. Fleming will furnish the thought for the day.

Will Follow Plan of Raising Expenses for Veterans Next Year

It is understood that the matter of raising a fund with which to take the Confederate Veterans to Washington, at least those who are unable financially to pay their own way, will be taken up in Waco next spring before the national reunion date in May, and that efforts will be made to send as large a number as possible to this reunion.

It is the belief of many that this reunion is specially important in that a large attendance at Washington will emphasize the fact that all rancor is disappearing from the hearts of the southern soldiers of the confederacy, and that the sentiment now for a reunited country and people. In view of the problems which are thought to be ahead for this country in the next twenty-five years the encouragement of this sentiment is thought to be specially desirable.

From what some of the old veterans say, it would be a comparatively easy matter to raise enough money for the purpose, by means of having a flag day and supplementing it with other efforts. Many other places have tried this successfully, according to the veterans and their friends. The veterans are not asking that the plan be tried, but their friends are taking the matter up.

Are Band Members Being Overlooked?

It was stated yesterday afternoon by a friend of the Fourth Infantry band that many Waco people are under the impression that the band, of which V. Alessandro is the head, is with the Waco companies which left for the border.

The Alessandro band, or the Fourth Infantry band, as it is now designated, is stationed not with company K or company G, but is at Marfa, a long distance from the two Waco companies, which are in above Brownsville not so very far.

The party who said that many people are under the impression that the band is with the Waco companies said that the band boys had not received any of the things which are being sent to the boys of company K and company G, and suggested that this be remembered when things are being sent out. The band boys are stationed at Marfa.

A Card of Thanks.

To the many friends and acquaintances whose sympathies and services were so freely given during the illness and at the death of our little treasure, Helen Adelaide, we extend this card of thanks. We feel your sympathy most keenly and appreciate beyond our power to express your many kindnesses, especially the flowers you sent to her who in life loved them and all nature so well. These remembrances will help us to bear our loss with fortitude and shall be remembered with deepest gratitude while life shall last. May God keep and bless you and reward you.

YEAR WILL BREAK ALL RECORDS OF ALASKAN TOURISTS; PEOPLE FROM UNITED STATES WITH MONEY AND LEISURE WILL GO THERE

Seen in Alaska. The Stikine river, bear totem, and Eskimo lass.

Seward, Alaska, June 18.—The "tourist season" is about to open and it endures until October. Those interested in shipping and transportation predict this year will see the greatest influx of tourists that the territory has ever known, for many Americans with money and leisure whom the war bars from Europe, will explore this terra incognita.

Old timers here have a favorite joke that those who favor Alaska with their visits require full value for their money and so arrange their visits during the period when daylight lasts from twenty-two to twenty-three hours out of the twenty-four. It is really true that newcomers, accustomed to retiring early, find it extremely difficult to adapt themselves to northern conditions and to go to bed while the sun is still shining brightly. It is even more disconcerting to an early riser to awaken at 4 a. m. in the morning and see the sun in the position where it stands at 11 o'clock over his home in the states.

WELCOME BIG HUNTERS.

The most welcome visitors, much less numerous than the tourists, are the big-game hunters, who used to come from Russia. They are in pursuit of the Kodiak bear, the big brown bear, as Alaskans call him.

The brown bear is an immense brute, weighing from 1,000 to 1,500 pounds, being about twice the size of the grizzly. He is utterly worthless at all times. One wonders why he is created. He is extremely dangerous at all times.

Long range naturalists, closet zoologists are the only friends he has in the world. No Alaskan ever enters unfrequented sections without a heavy rifle as a precaution against the attacks of these murderous brutes.

LAW PROTECTS BROWN BEAR.

A few years ago, at the instance of the late E. H. Harriman, congress passed an act protecting the brown bear from October to May, with the avowed design of preventing his extermination. There was no earthly possibility of his extermination and, from the Alaskan's point of view, no hope of it. The local feeling is hostile toward the law. Of course, no Alaskan loses a chance to kill a bear at sight, if he can do so with reasonable safety to himself, and no man is ever tried for doing so. Indeed, to let a brown bear get away when it is possible to kill him is regarded as an offense deserving obloquy, while to kill one at any time, by any means, is considered a meritorious public service. A very considerable number of citizens are killed annually by these murderous beasts. Raising stock has been abandoned because of their depredations. Any sportsman who will kill a brown bear is a welcome visitor and will be regarded as a public benefactor.

SAY IT IS A "WESTERN COUNTRY." The tourists from the states habitual-

ly speak of Alaska as a "western country." The Alaskans say it is a "western country." The Aleutian Islands, constituting the extreme western part of Alaska, extend so far toward Japan that a traveler from New York to Attu Island, of the Aleutians, would not be half way to his destination on reaching San Francisco. Indeed, Chicago is 1,500 miles nearer the Asiatic coast at Cape Deshnet than it is to the extreme western point of Alaska.

REMAINDER OF LOTT RIFLES ARE WAITING FOR ORDERS

Lieutenant O. R. Porterfield Says the Thirty-Six at Home Are Ready to Go.

O. R. Porterfield of Lott was in Waco yesterday. Mr. Porterfield is a republican mayor of a strictly democratic little city and he is one of the three officers of the Texas National Guard left. The other two officers are Capt. C. F. Anderson and Lieutenant W. G. Ruffalo of the Lott rifles. The other officers of the state having been taken into the federalized militia.

Speaking of the peculiar situation of the Lott rifles, Lieutenant Porterfield said that there are thirty-six of the company now at home, all of whom signed the muster roll when at Port Sam Houston. The others, thirty-three, who did not sign at first but returned to San Antonio when the courtmartial regime was announced were apportioned between two companies now stationed at San Benito. Lieutenant Porterfield said that remaining members of the company are ready to answer a call for border duty and are expecting such a call. It is possible that the three officers may not be called out when the order for service comes, because their command will have been divided up. Since the men who signed the muster roll promptly have not been called to service and the tardy signers have already been sent to the border the situation is said to be one of the most peculiar in the service.

For Catarrhal Deafness and Head Noises

Here in America there is much suffering from catarrh and head noises. American people would do well to consider the method employed by the English to combat this insidious disease. Everyone knows how damp the English climate is and how dampness affects those suffering from catarrh. In England they treat catarrhal deafness and head noises as a constitutional disease and use an internal remedy for it that is really very efficacious.

Sufferers who could scarcely hear a watch tick tell how they had their hearing restored by this English treatment. Such an extent that the tick of a watch was plainly audible seven and eight inches away from either ear.

Therefore, if you know someone who is troubled with catarrh, catarrhal deafness or head noises, cut out this formula and hand it to them and you will have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be easily prepared at home for about five and is made as follows:

From your druggist obtain 1 oz. of Parment (Double strength), about 75c worth. Take this home, and add to it 1/4 pint of hot water and 4 ounces of granulated sugar, stir until dissolved. Take a tablespoonful four times a day.

Parment is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian tubes and thus to equalize the air pressure on the drum, but to correct any excess of secretions in the middle ear, and the results it gives are usually remarkably quick and effective.

Every person who has catarrh in any form should give this simple trial and free themselves from this destructive disease.

As sure to rise as the Sun

You can't always make everything "just so." Sometimes you will get in more shortening than usual; or make the batter a little thin; or it may not be convenient to put a cake in the oven the moment it is mixed; or your oven may not bake evenly and it is necessary to turn the pan around—none of these little uncertainties make the slightest difference in results if you use

KC BAKING POWDER

This modern, double-raise baking powder has unusual strength and is absolutely certain to raise your biscuits, cakes and pastry light and feathery. It generates an abundance of leavening gas both in the mixing bowl and in the oven. The raising is sustained until the dough is cooked through.

Housewives who use K.C. never have "bad luck" with their baking. Try K.C. at our risk. Your grocer will refund your money if you are not pleased in every way.

County Medicos Will Have Program This Evening

The Chamber of Commerce rooms in the Amicable building will tonight at 8 o'clock be the scene of an interesting meeting of the McLennan County Medical association. The program as arranged by Dr. Paul C. Murphy, chairman of the association, includes several out of the city physicians. Dr. R. W. Moore and Dr. Wilmer Allison of Fort Worth, Dr. R. B. McBride of Dallas, and Dr. N. D. Baile of Marlin are all included in discussions of syphilis, its effect on the body, its relation to marriage and its treatment.

About 1000 Dog Tags Have Been Sold by City So Far

It is stated that more dog tags have been paid at the office of the city tax assessor this year than ever before in one year, and yet the number of dogs has been cut down materially in the city.

The grade of dogs has been raised and the cures are disappearing except in certain quarters. Nearly 1,000 dog tags have been secured, and this is the largest number up to the present time. There are still a good many dogs in the city without tags, however, and these are being caught by the dog catchers.

It is announced that the dog catchers will go on with their work until all dogs shall have been caught or provided with the necessary tags for protection.

RHEUMATISM EASILY RELIEVED BY CLEANSING THE BLOOD

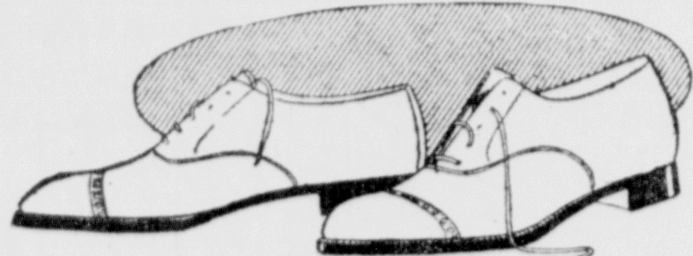

S. S. S. Gives Quick Relief By Toning Up the Blood

Yes, but how? A natural question. The answer is that you must cleanse your blood by stimulating it to healthy, vigorous action, so that it will throw off the germs and impurities that cause Rheumatism. The action of the wonderful blood purifier, S. S. S., is to practically renew the life blood, give it vigor, stimulate the flow, making it throw out the germs and the poison impurities. The excruciating pains of Rheumatism, whether it is the shooting, stabbing Sciatica,

the gripping agony of muscular Rheumatism or aching arms and legs that break up sleep will be entirely relieved by S. S. S. Don't use nostrums and drugs. Take the blood bath—Nature's blood tonic, S. S. S. Get it at any drug-gist's, but insist upon S. S. S. Let us tell you about blood diseases. Send for booklet, "What the Mirror Tells." If you are a peculiar case, write Swift Specific Co., Atlanta, Ga., but begin treatment at once.

TO BOOST J. M. PENLAND AS DISTRICT GOVERNOR

LOCAL ROTARIANS NAME CAMPAIGN COMMITTEE TO LOOK AFTER PLANS.

Will Inaugurate Contest to Select Municipal Flag for Waco—Willis Is Orator.

Looking to the election of J. M. Penland as district governor of International Rotary, a campaign committee consisting of R. J. Windrow, E. F. Drake and Dr. L. L. McGlasson was appointed at the regular meeting of the club at the State House yesterday. It will be the duty of the committee to wage an aggressive campaign by publicity and personal appeal for the election of Mr. Penland at the Cincinnati convention, July 16-20. The committee will urge local Rotarians to take their vacation at the convention.

Joe Willis was the orator for the day, making an interesting address on the manufacture, distribution and fluctuation in prices of drug sundries. Mr. Willis is manager of the sundry department of the Waco Drug company. He showed how the various materials that go into the making of brushes, toilet articles and the like were secured and the intricate processes of manufacture. A. A. Davis, who was to have spoken, was unable to be present because of sickness in his family. Tom Wolfe was the toastmaster for the luncheon.

It was announced that Prof. F. W. Hensel of Agricultural & Mechanical college had been secured to make an inspection of the flower entries in the Rotary contest beginning Wednesday and continuing through the remainder of the week. He will be accompanied by various Rotarians on his judging trips. There have been over 600 entries in the contest. E. J. Potts is chairman of the committee having in charge the details of the flower contest.

Secretary H. M. Cox of the club was elected as delegate to the Cincinnati convention, and he with President E. J. Booth and J. M. Penland will make three duly elected delegates. Langdon E. Luedde and R. J. Windrow were selected as alternates. Sol Hirschberg made a strong plea for attending the Rotary convention, declaring that it would be a gathering of fine-spirited men and that the entertainment planned was of a character worth while.

At a conference of the directors it was determined to recommend that the club offer a prize of \$25 cash in a contest to the one who would select the best municipal flag for Waco.

Long range naturalists, closet geologists are the only friends who have in the world. No Alaskan ever enters unfrequented sections without a heavy rifle as a precaution against the attacks of these murderous brutes.

LAW PROTECTS BROWN BEAR.

A few years ago, at the instance of the late E. H. Harriman, congress passed an act protecting the brown bear from October to May, with the avowed design of preventing his extermination. This was no earthly possibility of his extermination.

R. W. Woolridge, manager of Armour & Co., will be the orator at the meeting next week. Edgar E. W. will be the toastmaster and Sheriff S. S. Fleming will furnish the thought for the day.

Will Follow Plan of Raising Expenses for Veterans Next Year

It is understood that the matter of raising a fund with which to take the Confederate Veterans to Washington, at least those who are unable financially to pay their own way, will be taken up in Waco next spring before the national reunion date in May, and that efforts will be made to send as large a number as possible to this reunion.

It is the belief of many that this reunion is specially important, in that a large attendance at Washington will emphasize the fact that all rancor is disappearing from the hearts of the southern soldiers of the confederacy, and that the sentiment now for a reunited country and people. In view of the problems which are thought to be ahead for this country in the next twenty-five years the encouragement of this sentiment is thought to be specially desirable.

From what some of the old veterans say, it would be a comparatively easy matter to raise enough money for the purpose mentioned, by having a 25-cent day and supplementing it with other efforts. Many other places have tried this successfully, according to the veterans and their friends. The veterans are not asking that the plan be tried, but their friends are taking the matter up.

Are Band Members Being Overlooked?

It was stated yesterday afternoon by a friend of the Fourth Infantry band that many Waco people are under the impression that the band, of which V. Alessandro is the head, is with the Waco companies which left for the border.

The Alessandro band, or the Fourth Infantry band, as it is now designated, is stationed with company K or company G, but is at Marfa, a long distance from the two Waco companies, which are in above Brownsville not so very far.

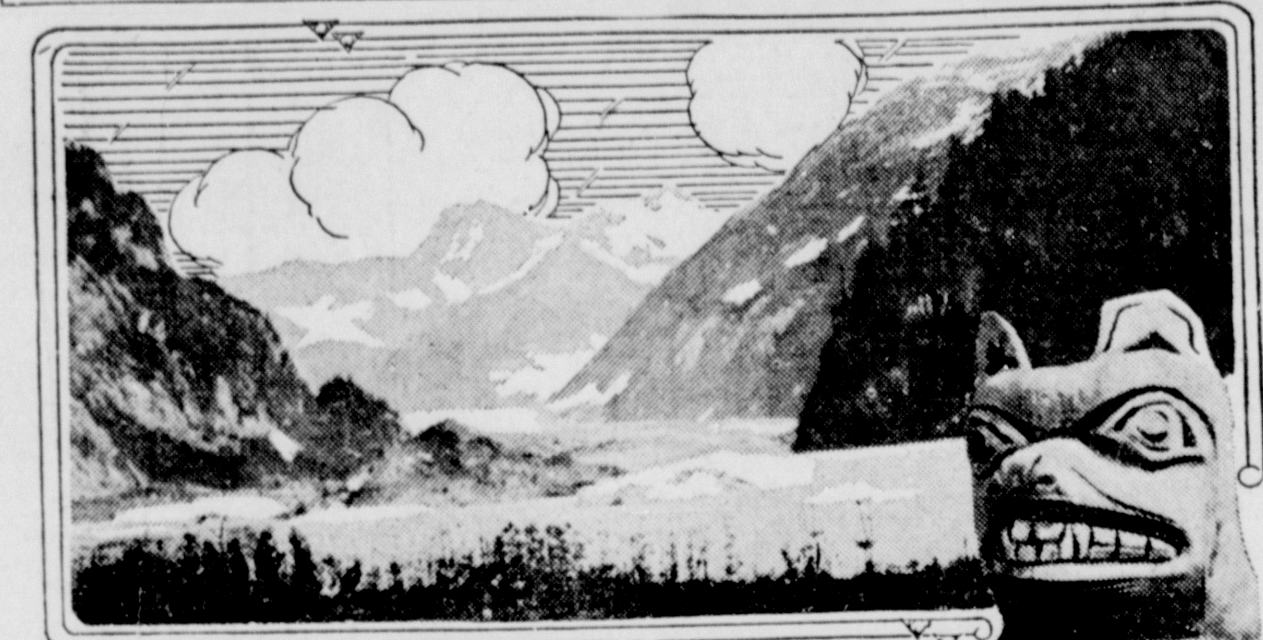

The party who said that many people are under the impression that the band is with the Waco companies said that the band boys had not received any of the things which are being sent to the boys of company K and company G, and suggested that this be remembered when things are being sent out. The band boys are stationed at Marfa.

A Card of Thanks.

To the many friends and acquaintances whose sympathies and services were so freely given during the illness and at the death of our little treasure, Helen Adelaide, we extend this card of thanks. We feel your sympathy most keenly and appreciate your power to express your many kindnesses, especially the flowers you sent to her who in life loved them and all nature so well. These remembrances will help us to bear our loss with fortitude and shall be remembered with deepest gratitude while life shall last. May God keep and bless you and reward you.

YEAR WILL BREAK ALL RECORDS OF ALASKAN TOURISTS; PEOPLE FROM UNITED STATES WITH MONEY AND LEISURE WILL GO THERE

Seen in Alaska. The Stikine river, bear totem, and Eskimo lass.

Seward, Alaska, June 18.—The "tourist season" is about to open and it endures until October. Those interested in shipping and transportation predict this year will see the greatest influx of tourists that the territory has ever known, for many Americans with money and leisure whom the war bars from Europe, will explore this terra incognita.

Old timers here have a favorite joke that tourists who favor Alaska with their visits require full value for their money and so arrange their visits during the period when daylight lasts from twenty-two to twenty-three hours out of the twenty-four. It is really true that newcomers, accustomed to retiring early, find it extremely difficult to adapt themselves to northern conditions and to go to bed while the sun is still shining brightly. It is even more disconcerting to an early riser to awaken at 4 a. m. in the morning and see the sun in the position where it stands at 11 o'clock over his home in the states.

WELCOME BIG HUNTERS.

The most welcome visitors, much less numerous than the "tourists," are the big-game hunters, who used to come from Russia. They are in pursuit of the Kodiak bear, the "big brown bear," as Alaskans call him.

The brown bear is an immense brute, weighing from 1,000 to 1,500 pounds, being about twice the size of the grizzly. He is utterly worthless at all times. One wonders why he was ever tried for doing so. Indeed, to let a brown bear get away when it is possible to kill him is regarded as an offense deserving obloquy, while to kill one at any time, by any means, is considered a meritorious public service. A very considerable number of citizens are killed annually by these murderous brutes. Raising stock has been abandoned because of their depredations. Any sportsman who will kill a brown bear is a welcome visitor and will be regarded as a public benefactor.

SAY IT IS A "WESTERN COUNTRY."

The tourists from the states habitually speak of Alaska as a "northern country." The Alaskans say it is a "western country." The Aleutian Islands, constituting the extreme western part of Alaska, extend so far toward Japan that a traveler from New York to Attu Island, of the Aleutians, would not be half way to his destination on reaching San Francisco. Indeed, Chicago is 1,500 miles nearer the Asiatic coast at Cape Deshnet than it is to the extreme western point of Alaska.

REMAINDER OF LOTT RIFLES ARE WAITING FOR ORDERS

Lieutenant O. R. Porterfield Says the Thirty-Six at Home Are Ready to Go.

O. R. Porterfield of Lott was in Waco yesterday. Mr. Porterfield is a republican mayor of a strictly democratic little city and he is one of the three officers of the Texas National Guard left. The other two officers are Capt. C. P. Anderson and Lieutenant W. G. Ruble of the Lott rifles, all the other officers of the state having been taken into the federalized militia.

Speaking of the peculiar situation of the Lott rifles, Lieutenant Porterfield recalled that there are thirty-six of the company now at home, all of whom signed the muster roll when at Port San Houston. The other thirty-three who did not sign at first but returned to San Antonio when the courtmartial regime was announced were apportioned between two companies now stationed at San Benito. Lieutenant Porterfield said that returning members of the company are ready to answer a call for border duty and are expecting such a call. It is possible that the three officers may not be called out when the order for service comes, because their command will have been divided up. Since the men who signed the muster roll promptly have not been called to service and the tardy signers have already been sent to the border the situation is said to be one of the most peculiar in the service.

For Catarrhal Deafness and Head Noises

Here in America there is much suffering from catarrh and head noises. American people would do well to consider the method employed by the English to combat this insidious disease. Every one knows how damp the English climate is and how dampness affects those suffering from catarrh. In England they treat catarrhal deafness and head noises as a constitutional disease and use an internal remedy for it that is really very efficacious.

Sufferers who could scarcely hear a watch tick tell how they had been cured by this English treatment to such an extent that the tick of a watch was plainly audible seven and eight inches away from either ear. Those who are troubled with catarrh, catarrhal deafness or head noises, cut out this formula and hand it to them and you will have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be easily prepared at home for about 75c and is made as follows:

From your druggist obtain 1 oz. of Parment (Double Strength), about 75c worth. Take this home, and add to it 3/4 pint of hot water and 4 ounces of granulated sugar, stir until dissolved. Take a tablespoonful four times a day. Parment is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian Tubes and thus to equalize the air pressure on the drum, but to correct any excess of secretions in the middle ear, and the remedy it given are usually remarkably quick and effective.

Every person who has catarrh in any form should give this recipe a trial and free themselves from this destructive disease.

As sure to rise as the Sun

You can't always make everything "just so." Sometimes you will get in more shortening than usual; or make the batter a little thin; or it may not be convenient to put a cake in the oven the moment it is mixed; or your oven may not bake evenly and it is necessary to turn the pan around—none of these little uncertainties make the slightest difference in results if you use

KC BAKING POWDER

This modern, double-raise baking powder has unusual strength and is absolutely certain to raise your biscuits, cakes and pastry light and feathery. It generates an abundance of leavening gas both in the mixing bowl and in the oven. The raising is sustained until the dough is cooked through.

Housewives who use KC never have "bad luck" with their baking. Try KC at our risk. Your grocer will refund your money if you are not pleased in every way.

Wondermist Wonderful But Not an Automobile

"Hello, is this the Spencer Carroll Company?"
"Yes, ma'am. What can we do for you?"
"I want to speak to Mr. Armstrong."
"Mr. Armstrong is not in. Let me connect you with Mr. Carroll."
"Thanks."
"Hello, this is Mr. Carroll of the Spencer-Sarroll company. What can I do for you, please, ma'am?"
"I want to speak with Mr. Armstrong. We've been trying to decide on a car for the past two weeks, and my husband wants one kind and I want another—we can't agree. I saw a notice in the paper where Mr. Armstrong had been appointed agent for a new car and we want to try it out. Can you send him one of them?"
"Why, Mr. Armstrong doesn't handle cars that I know of. What car was it you had reference to?"
"The Wondermist, that new car, and I want you to send him out before noon, because my husband is going to buy a car I don't want today, and I want to see the Wondermist car."
"Lady, Wondermist is not a—"
"That's just about what I supposed. You haven't any in stock. What on earth do you automobile people want to advertise something and fool the people with it before you get it in? I'm so dreadfully disappointed. When will you have one in? Why don't you have one sent in by express? At least I would not advertise it before I had one to show. You men are funny things."

The automobile business is getting to be a pretty come-off when a reliable firm like the Spencer-Carroll company puts an ad in the paper advertising a car you can't show when people want to see it. Here I am now, wanting to ride in a Wondermist car, a good chance for you to sell one, and—
"But lady, you can't ride in Wondermist. It isn't a car. Wondermist is a preparation to clean cars with. All you have to do is to just spray it on, easy, you know, a child can do it; wipe it off and the car looks like new." Mr. Armstrong is our jobber for Wondermist.
"Mr. Carroll, I most humbly beg your pardon. Don't you tell this on me. I have just been so anxious to buy a car that I can't sit still, and I suppose I didn't read the advertisement as closely as I should. Please don't tell my husband. He'll be so aggravated at me. I didn't mean to be rude, but I have been so disappointed so many times at not getting a new car so many days that I am ashamed that I made the horrible mistake."
"All right, now, who is this please?" and she tried to get away, but central connected them again and as a compromise Mr. Armstrong sent out a gallon of Wondermist, the name of the lady is a secret, but any automobile dealer who wishes to get a tip on the quiet of a real, red hot prospect is urgently requested to communicate with the jobber for Wondermist.

Yesterday Was Happy Day With the Negro Population of City

"Oh, gee, I'm glad I'm free," was the song on the lips of every happy negro on the gladdest of all days in the year for the dark race, the nineteenth of June.
Most employers considerably gave the entire day to their colored workmen and the big, jolly, freely-peripatating crowd that gathered at Taborian park for all sorts of amusements demonstrated conclusively that patriotism is not dead.
Athletic sports, and the lazier sports of eating and drinking, were freely indulged in and enjoyed to the negro's full capacity and that capacity has never yet been gauged. Balloon ascensions, pyrotechnic displays, baseball games and numerous other stunts kept any single minute from being tedious. Riotous, happy, free from care, the war forgotten, the darkies turned themselves loose and really had a "hot time in the old town."

Well Known Texas Advertising Man Passes Away

T. M. Speer of this city yesterday received a telegram from El Paso, breaking the news of the death of his brother, H. W. Speer, 58 years old, and a resident of Central Texas from the age of one year until his removal for his health's sake to El Paso about five years ago.
Mr. Speer was a Texas pioneer in the art of advertising. It was his remarkable work as advertising manager for the Bentley-Bass company in Temple that first called attention to his talent for writing advertisements. Since then his work has attracted almost nationwide approval, growing in scope and popularity as the years passed.
A wife, three daughters, a mother, four brothers and three sisters are left to mourn his loss as well as a wide acquaintance.

ROYAL GOOD TIME IS PLAN FOR THE ROTARY GATHERING

Cincinnati is Preparing to Place the Next Convention in Rotary History as Epochal.

Indications are that the local Rotary clubs will have a fairly large delegation for the great Rotary gathering at Cincinnati, July 16-20. Three official delegates have already been elected and several other members are making their plans to go. Reports on the program of speakers and gaities at Cincinnati show that that city is making great arrangements for the Rotarians. Following are some paragraphs on the convention:
James Keely, editor of the Chicago Herald, will publish a newspaper at the convention at Cincinnati. He proposes calling it "The Chicago Herald Rotary Edition." This is not to be merely a Chicago stunt, but is for the benefit of all Rotary clubs and each club will be dealt with equally. These papers issued daily during the convention will be a valuable souvenir of the affair.
The Rotary club of Oakland, Cal., is arranging to send a special train from the Pacific coast to Cincinnati. All the California and northwestern clubs have been invited to join in making up this special. H. P. Schaefer, secretary of the Oakland Rotary club, has written the convention entertainment committee, suggesting that if desirable, the Oakland club will bring with it a carload of California fruit to be distributed on the convention boat trip.
The Rotary club of Edinburgh, Scotland, will probably not be represented at the Cincinnati convention of the International Association of Rotary clubs, July 16 to 20. A letter received by the convention entertainment committee from Thomas Stephenson, secretary of the Edinburgh club, says: "I fear none of us will be at the convention. These are strenuous times in the old country and no man can spare the time such a visit will entail. But we shall be with you in spirit." The British Rotarians will be brought very closely in touch with the Cincinnati convention, however, by means of a complete story of the convention which will be published in The Rotary Wheel, the magazine of British Rotary.

No one will have to sleep in a bathtub at the Cincinnati convention. It is true that with 6500 reservations we are going to be crowded for accommodations, but everyone will be taken care of. There are always some discomforts during the course of a convention, but we will eliminate most of them. We have committees which are not simply "committees," but are live, active bodies of men who are devoting a large share of their time to planning and working out the details for your comfort and entertainment. We want everyone to feel assured that the glad hand of welcome at Cincinnati will be covered with rosin. It will be a clean, firm handshake notable for good fellowship. Come and bring the family.
Now is the time to enter in the golf tournament. Every golfer in Rotary is a better golfer than every other one— which is to say that any man who plays golf admits that he should be able to defeat any other man if conditions are right. The Cincinnati golf tournament is not a tournament of professionals. Neither is it one of rank amateurs. It is planned for the benefit of the men of Rotary who enjoy a good, clean sport. It is a part of the entertainment program, and there is a beautiful silver pitcher awarded by Kansas City, Mo., to the winner.

C. W. Rhea Declares Military Camp Life Is Not So Bad

Admirable optimism is expressed in the following letter received by Mrs. L. Rhea from her son, C. W. Rhea. Things are not so bad, he thinks, and indeed he finds much to praise. The letter speaks for itself:
My Dear Mother,
I have just received your box and certainly was glad to get it. Sure was good. I have been so busy that I haven't had time to write often. I have to drill, and when I am not drilling I am busy with other things and checking up.
It has been rumored in Waco that the company has not been getting anything to eat, but it is a mistake. One of the boys in the company wrote back that he wasn't getting anything to eat, but I think he wanted money.
The menu for Sunday was fried fish, sliced tomatoes, fried corn, green peas, fried potatoes and sliced peaches, and yet they say they have nothing to eat.
I have gained ten pounds since I have been here.
Tell everybody hello. It's drill time and they need my presence.

Waco Party Makes Inspection Trip to Reformatory

A committee returned from a visit to Gatesville Sunday where they went to visit the Waco boys and other boys in the juvenile training school.
This committee or delegation consisted of Dr. R. H. Hodges, Mrs. John F. Rowe, Mrs. N. J. Lucy, Mrs. Jonie Jones, Miss Helen Lacy, Homer Martin and Newton Lacy.
They found everything in nice condition at the school, and the boys doing well there. They are learning good trades in many cases, and are earning many other things which will help to make good citizens of them. The visit from time to time of Waco people encourages the boys, shows that there is an interest felt in them, and aids in many ways. The visit was a thoughtful and helpful act.

Methodist Women Plan Membership Campaign

The Methodist women of the city have planned a systematic campaign for auxiliary membership, and active work has begun. Prayer squads have been organized to meet at the various churches in the afternoons to further the work in this way. Those having cars will have use for them on the twenty-third, for every Methodist woman in the city will be visited by a member of the auxiliary of her church, and urged to join for her good as well as for the good of her church and fellow Christians. Some of the auxiliaries are planning for receptions for new members on the completion of the campaign. This is to be a busy week for Methodist women.

Y. W. C. A. Given Use of "Y" Pool One Night Each Week

At a meeting held yesterday afternoon at the Y. M. C. A. of the directors of that institution it was decided that the request of the Y. W. C. association, which is expected to be ready for business in a few weeks. The building is being prepared, \$1,200 has been raised for furnishing, already, and the work looks good.
It was further decided by the board yesterday afternoon to co-operate in the army work which has been started, and State Secretary L. A. Coulter was authorized to come to Waco and try to raise \$300 with which Waco will be represented at the border among the soldiers boys. Waco could then have its own tent or shack, with a secretary, possibly a phonograph, reading matter, etc., and this tent would be the rallying ground for religious life among the soldiers of that immediate vicinity. A matter immensely important in the view of those at the head of the matter, and who are trying to get the matter started on a scale of suitable dimensions.

Discuss Public School District Lines

There was a meeting yesterday afternoon, in the offices of County School Superintendent R. L. Abbott, of the McLennan county school board, at which time consideration was given to certain school district lines.
Present at the meeting yesterday, in addition to County School Superintendent R. L. Abbott, were the following members of the board: John Strauss, Robinson; W. H. Westmoreland, West; J. P. Burton, Mart; H. E. Hackney, McGregor; George Harris, China Springs.
County School Superintendent Abbott is the secretary of the board.

Will Not Mix Poll Tax Question With Submission

The following was given out yesterday by Chairman Crate Dalton of the county executive and managerial committee on the submission campaign, this committee's duty being to try and push to a successful issue in this county the matter of securing a favorable vote on the question of submission, at the July primaries.

"The executive committee chosen by the mass meeting of citizens last Saturday afternoon to wage the submission campaign in McLennan county is not now in a position to consider any evidence as to the fraudulent payment of poll taxes in the county. Whether or not there was fraud in the payment of negro poll taxes could in no wise affect the submission campaign, as negroes will not vote in the July primary. This committee has decided that it cannot afford to sidestep now

from the main issue entrusted to it as a committee.

Wondermist Wonderful But Not an Automobile

"Hello, is this the Spencer Carroll Company?"

"Yes, ma'am. What can we do for you?"

"I want to speak to Mr. Armstrong."

"Mr. Armstrong is not in. Let me connect you with Mr. Carroll."

"Thanks."

"Hello, this is Mr. Carroll of the Spencer-Sarroll company. What can I do for you, please, ma'am?"

"I want to speak with Mr. Armstrong. We've been trying to decide on a car for the past two weeks, and my husband wants one kind and I want another—we can't agree. I saw a notice in the paper where Mr. Armstrong had been appointed agent for a new car and we want to try it out. Can you send him with one of them?"

"Why, Mr. Armstrong doesn't have a car that I know of. What car was it you had reference to?"

"The Wondermist, that new car, and I want you to send him out before noon, because my husband is going to buy a car I don't want today, and I want to see the Wondermist car."

"Lady, Wondermist is not a—"

"That's just about what I supposed. You haven't any in stock. What on earth do you automobile people want to advertise something and fool the people with it before you get it in? I'm so dreadfully disappointed. When will you have one in? Why don't you have one sent in by express? At least I would not advertise it before I had one to show. You men are funny things."

"The automobile business is getting to be a pretty come-off when a reliable firm like the Spencer-Sarroll company puts an ad in the paper advertising a car you can't show when people want to see it. Here I am now, wanting to ride in a Wondermist car, a good chance for you to sell one, and—"

"But lady, you can't ride in Wondermist. It isn't a car. Wondermist is a preparation to clean cars with. All you have to do is to just spray it on, easy, you know, a child can do it; wipe it off and the car looks like new. Mr. Armstrong is our jobber for Wondermist."

"Mr. Carroll, I most humbly beg your pardon. Don't you tell this on me. I have just been so anxious to buy a car that I can't sit still, and I suppose I didn't read the advertisement as closely as I should. Please don't tell my husband. He'll be so aggravated at me. I didn't mean to aggravate at me. I have been so disappointed so many times at not getting a new car so many days that I am ashamed that I made the horrible mistake."

"All right, now, who is this please?"

"She tried to get away, but central connected them again and as a compromise Mr. Armstrong sent out a gallon of Wondermist, the name of the dealer who wishes to get a tip on the quiet of a real, red hot prospect is urgently requested to communicate with the jobber for Wondermist."

Yesterday Was Happy Day With the Negro Population of City

"Oh, gee, I'm glad I'm free," was the song on the lips of every happy negro on the gladdest of all days in the year for the dark race, the nineteenth of June.

Most employers considerably gave the entire day to their colored workmen and the big, jolly, freely-perspiring crowd that gathered at Taborian park for all sorts of amusements demonstrated conclusively that patriotism is not dead.

Athletic sports, and the lazier sports of eating and drinking, were freely indulged in and enjoyed to the negro's full capacity and that capacity has never yet been gauged. Balloon ascensions, pyrotechnic displays, baseball games and numerous other stunts kept any single minute from being tedious. Riotous, happy, free from care, the war forgotten, the darkies turned themselves loose and really had a "hot time in the old town."

Well Known Texas Advertising Man Passes Away

T. M. Speer of this city yesterday received a telegram from El Paso, breaking the news of the death of his brother, H. W. Speer, 58 years old, and a resident of Central Texas from the age of one year until his removal for his health's sake to El Paso about five years ago.

Mr. Speer was a Texas pioneer in the art of advertising. It was his remarkable work as advertising manager for the Bentley-Bass company in Tempe that first called attention to his talent for writing advertisements. Since then his work has attracted almost nationwide approval, growing in scope and popularity as the years passed.

A wife, three daughters, a mother, four brothers and three sisters are left to mourn his loss as well as a wide acquaintance.

ROYAL GOOD TIME IS PLAN FOR THE ROTARY GATHERING

Cincinnati is Preparing to Place the Next Convention in Rotary History as Epochal.

Indications are that the local Rotary clubs will have a fairly large delegation for the great Rotary gathering at Cincinnati, July 16-20. Three official delegates have already been elected and several other members are making their plans to go. Reports on the program of speakers and gaieties at Cincinnati show that that city is making great arrangements for the Rotarians. Following are some paragraphs on the convention:

James Keely, editor of the Chicago Herald, will publish a newspaper at the convention at Cincinnati. He proposes calling it "The Chicago Herald Rotary Edition." This is not to be merely a Chicago stunt, but is for the benefit of all Rotary clubs, and each club will be dealt with equally. These papers issued daily during the convention will be a valuable souvenir of the affair.

The Rotary club of Oakland, Cal., is arranging to send a special train from the Pacific coast to Cincinnati. All the California and northwestern clubs have been invited to join in making up this special. H. F. Schaefer, secretary of the Oakland Rotary club, has written the convention entertainment committee, suggesting that if desirable, the Oakland club will bring with it a carload of California fruit to be distributed on the convention boat trip.

The Rotary club of Edinburgh, Scotland, will probably not be represented at the Cincinnati convention of the International Association of Rotary clubs, July 16 to 20. A letter received by the convention entertainment committee from Thomas Stephenson, secretary of the Edinburgh club, says: "I fear none of us will be at the convention. These are strenuous times in the old country and no man can spare the time such a visit will entail. But we shall be with you in spirit." The British Rotarians will be brought very closely in touch with the Cincinnati convention, however, by means of a complete story of the convention which will be published in The Rotary Wheel, the magazine of British Rotary.

No one will have to sleep in a bathtub at the Cincinnati convention. It is true that with 6500 reservations we are going to be crowded for accommodations, but everyone will be taken care of. There are always some discomforts during the course of a convention, but we will eliminate most of them. We have committees which are not simply "committees," but are active bodies of men who are devoting a large share of their time to planning and working out the details for your comfort and entertainment. We want everyone to feel assured that the glad hand of welcome at Cincinnati will not be covered with rosin. It will be a clean, firm handshake notable for good fellowship. Come and bring the family.

Now is the time to enter in the golf tournament. Every golfer in Rotary is a better golfer than every other one—which is to say that any man who plays golf admits that he should be able to defeat any other man if conditions are right. The Cincinnati golf tournament is not a tournament of professionals. Neither is it one of rank amateurs. It is planned for the benefit of the men of Rotary who enjoy a good, clean sport. It is a part of the entertainment program, and there is a beautiful silver pitcher awarded by Kansas City, Mo., to the winner.

C. W. Rhea Declares Military Camp Life Is Not So Bad

Admirable optimism is expressed in the following letter received by Mrs. L. Rhea from her son, C. W. Rhea. Things are not so bad, he thinks, and indeed he finds much to praise. The letter speaks for itself:

My Dear Mother:

I have just received your box and certainly was glad to get it. Sure was good. I have been so busy that I haven't had time to write often. I have to drill, and when I am not drilling I am busy with other things and checking up.

It has been rumored in Waco that the company has not been getting anything to eat, but it is a mistake. One of the boys in the company wrote back that he wasn't getting anything to eat, but I think he wanted money.

The menu for Sunday was fried fish, sliced tomatoes, fried corn, green peas, potatoes and sliced peaches, and yet they say they have nothing to eat. I have gained ten pounds since I have been here.

Tell everybody hello. It's drill time and they need my presence.

Waco Party Makes Inspection Trip to Reformatory

A committee returned from a visit to Gatesville Sunday where they went to visit the Waco boys and other boys in the juvenile training school.

This committee or delegation consisted of Dr. R. H. Hodges, Mrs. John F. Rowe, Mrs. N. J. Lacy, Mrs. Jonie E. Miss Helen Lacy, Homer Martin and Newton Lacy.

They found everything in nice condition at the school, and the boys doing well there. They are learning good trades in many cases, and are learning many other things which will help to make good citizens of them. The visit from time to time of Waco people encourages the boys, shows that there is an interest felt in them, and aids in many ways. The visit was a thoughtful and helpful act.

Methodist Women Plan Membership Campaign

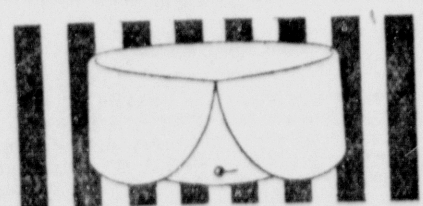

The Methodist women of the city have planned a systematic campaign for auxiliary membership, and active work has begun.

Prayer squads have been organized to meet at the various churches in the afternoons to further the work in this way. Those having cars will have use for them on the twenty-third. For every Methodist woman in the city will be visited by a member of the auxiliary of her church, and urged to join for her good as well as for the good of her church and fellow Christians. Some of the auxiliaries are planning for receptions to new members on the completion of the campaign. This is to be a busy week for Methodist women.

Will Not Mix Poll Tax Question With Submission

The following was given out yesterday by Chairman Crate Dalton of the county executive and managerial committee on the submission campaign, this committee's duty being to pay and push to a successful issue in this county the matter of securing a favorable vote on the question of submission, at the July primaries:

"The executive committee chosen by the mass meeting of citizens last Saturday afternoon to wage the submission campaign in McLennan county is not now in a position to consider any evidence as to the fraudulent payment of poll taxes in the county. Whether or not there was fraud in the payment of negro poll taxes could in no wise affect the submission campaign, as negroes will not vote in the July primaries. Emancipation Day at Bush Park

Under the auspices of the Baptist Ministers' Union, Rev. J. N. Jenkins, president, no doubt the largest crowd that has assembled on similar occasions for many years, in this section, celebrated the nineteenth at Bush park on the Bosque.

The following program was given. Scripture lesson, Rev. P. H. Jackson.

Invocation, Rev. P. R. Easter. Remarks, president of the union. Music, by band.

Address, Dr. J. W. Strong, president of Central Texas college. Music, by band.

Following the program, brief expressions were made by several ministers and laymen. Among those who spoke was Henry Burk, who is reported to be one hundred years of age. President Strong made a strong, practical address. The New Hope Sunday school cornet band played. There was no admission fee at the gate and nothing for sale on the grounds. When the hour for dinner arrived many tables were spread and a vast throng of people made joyous responses to the demands of good appetites. While the crowd was very large the remarkably good order which prevailed throughout the day spoke well for the managers and all who attended.

Auto Smash-up on Corsicana Road

Four negroes and a white man received minor injuries last night about 6:40, when a rent car from Hubbard City crashed into an outbound interurban on the Corsicana road crossing.

The occupants of the car were coming into town to enjoy Emancipation day celebration at Tabernash park. None saw the approach of the fast moving interurban until it was too late to check up the speed, and the auto was hit squarely in the middle. All five were thrown out, and numerous scratches, bruises, and cuts resulted. Another car happened to be passing at the time, and the injured crowd was removed to the Provident sanitarium. The machine was a complete wreck, two wheels being jerked off, the hood caved in, and the fenders and door rolled into an unintelligible mass.

Those injured were Bob Jones, the white chauffeur, and four negroes, Rose McLain, Helen McLain, Ruth McLain and Sam Lenville.

"Salvation is free!" exclaimed the evangelist. "Huh! I guess you never stacked up against a church fair, did you?" demanded the victim in the back row.—Chicago Herald.

Chamber of Commerce Directors

E. W. MARSHALL
Director Chamber of Commerce.

E. W. Marshall, who was president of the Chamber of Commerce from 1911 to 1913, is a Waco young man whose name is a synonym for hustle, push and up-to-date effort in behalf of community concerns, and nothing has been landed in Waco for a good many years but what he had a prominent part in initiating and securing it for this city. He has been particularly active in all matters since 1901, serving on various committees, and oftentimes making trips to distant cities at his own expense in order to throw something worth while into the lap of Waco, the city where he was born and which he loves. Mr. Marshall was on the board of directors of the Cotton Palace from 1911 to 1913, and rendered valuable aid in that great work. He has shown unusual effectiveness in all community enterprises for many years, and has been most successful in his private business. He is now connected with the following lines of business: Head of the E. W. Marshall & Co. general fire insurance business; director of the Chamber of Commerce; vice president of the Bankers Trust Co.; director of the Citizens National bank; president of the Texas Association of Local Fire Insurance Agents; director of the Insurance Federation. There are few of lived in this city who are more popular personally than "Ned" Marshall, as he is familiarly known to his legion of friends. He is indeed a son of which all Waco is proud.

NO SECOND PRIMARY IN McLENNAN COUNTY

COUNTY EXECUTIVE COMMITTEE VOTES DOWN MOTION TO HAVE SECOND PRIMARY.

ASSESSMENTS TOTAL \$2,700

Names Are Drawn for All Places on Tickets—Insist on Rigorous Party Pledge.

By the decisive vote of 17 to 5 the county democratic executive committee yesterday morning decided not to hold the second or double primary as to county candidates, after the matter had been debated some time, the argument at times waxing a little peppy, but still in good humor.

The assessments were made against the various candidates to cover the cost of the July primaries in this county, and the assessments also provide for the expense of holding the second primary in the senatorial race. There was opposition to making the assessments cover the senatorial primary, but this was decided on almost unanimously.

Candidates were assigned places on the ticket, by lot, and arrangements for holding the July primaries, a committee being appointed to look after this.

Dr. E. W. Hall of Hallsburg made a ringing talk in which he urged that all persons who voted in the primaries should be required to regard the pledge to support the ticket from start to finish, and the committee seemed to endorse the sentiment fully. It was decided that this should be done after the meeting had adjourned. Dr. Hall declared that there were those in this county who did not sympathize with or like the democratic policies and yet would seek to take part in the primaries, and this was what he wanted safeguarded he said.

After the committee was called to order the roll was called, showing the following committeemen present: H. Elmer Brown, chairman, Ocee; Chas. H. Braun, Waco, secretary; George Caulfield, McGregor; A. B. Ewing, Belview; Walker F. Moore, Waco; H. P. Jordan, Waco; Joel Kinnannon, Bruceville; C. H. Roberts, Crawford; D. T. Jones, Leroy; J. S. Wagner, McGregor; route 4, L. S. Holstead, Bruceville; W. E. Horne, South Bosque; Henry Quebe, Goshen; J. Wm. Smith, Waco; R. G. Wright, Waco; S. N. De Hay, Erath; W. H. Gorman, Bosqueville; T. J. Logue, Patrick; W. R. Benson, Gholson; E. S. Gause, Mart; Ben Kennedy, China Springs; E. J. Webb, Downsburg; J. R. Laughlin, Edinburg; J. W. Powers, Ross; Ben Hatch, Lorena; W. E. Stovall, Robinson; B. Brown, Rosenthal; Ed Punched, Riesel; Blair Stribling, Waco; William Baldrige, West.

Chairman Brown in opening the meeting, said that at times was at hand to see about fixing candidates' assessments and attending to any other business which might properly come before it.

Committeeman Roberts said he thought the first matter to come up would be the matter of the second primary, as the assessments would depend as to the amount, on whether there was to be a second primary.

SECOND PRIMARY MOTION TABLED.

Committeeman Smith thought this motion had been tabled at the last meeting, but Chairman Brown ruled that the matter had simply come over from the last meeting.

The petition asking for a second primary, coming from West, was read, this having been before the last meeting.

Committeeman Moore asked, in case a second primary is held, whether it could be held at the same time the county democratic primaries, indicating how that it could not.

Henry Quebe moved to table the motion to hold a second primary.

Committeeman Wm. Baldrige of West moved to adopt the motion to hold a second primary.

Committeeman Smith moved that the committee go on record as favoring a single primary.

Newt R. Williams of Waco asked the privilege of addressing the committee, reading from the law regarding the holding of primaries, indicating how he thought the committee should proceed to express its opinion as to the primary matter.

There were many points of order raised and discussed and ended in two or three speaking at once at times. J. H. Quarles spoke of the best manner of procedure, saying Committee Jordan was partially correct in his contention, but did not go far enough.

Committeeman H. P. Jordan moved that the officers of McLennan county be chosen by a plurality vote.

Committeeman Smith moved that Committee Jordan was not a member of the committee, as he was a member of the legislature, and therefore could not be a member of the county democratic executive committee.

Committeeman Jordan said he represented Committee Blair Stribling and was a member.

Henry Quebe thought that no one was asking for a second primary except West, and he thought it simply a political scheme. He did not favor the second primary.

A vote was taken on the Baldrige motion to hold a second primary, the vote being five for holding a second primary and seventeen against holding it.

Committeeman Joel Kinnannon of Bruceville thought two committees should be named in connection with assessing candidates, in order to expedite matters.

ASSESSMENTS ARE SETTLED.

The question of assessments for holding the senatorial primary, said the chairman, was up for consideration, and it should be determined what to do about this.

Committeeman Jordan thought the expenses of the senatorial second primary should be paid by the successful county candidates—those who se-

cured the nominations in the first primary.

Chairman Brown ruled this out of order, saying the convention could not take this step.

Committeeman Smith said this very question was to be passed upon today by the supreme court. He moved the appointment of a committee to arrange the ballot and fix the assessments on candidates.

It was suggested that places on the ticket, that is, the order in which they are to come, would have to be done by drawing, or by lot.

Chairman Brown named the following committee to arrange the ticket: W. H. Gorman, E. J. Webb, George Caulfield, J. R. Laughlin, Walker F. Moore. The chairman and secretary were added to the committee.

Walker F. Moore moved that the committee recess until 2 o'clock in order to allow committees to fix the assessments, have the drawing for places on the ticket for candidates and then report back to the whole committee, this prevailing.

AFTERNOON SESSION IS HELD.

It was 2:30 o'clock in the afternoon when the finance committee and the committee to arrange the names of candidates on the ticket, appointed at the morning session, re-assembled in the Fifty-fourth district court room at the court house, where sessions were held. The full committee assembled at the same time.

George Caulfield made the report of the committee to arrange the names of candidates. Two candidates from precinct No. 3, West, had failed to make their applications for places on the ticket regularly, but were allowed to go on the ticket. The men who had failed to make application to the right party were W. W. Mayo and A. B. Nelson, for public weigher of that precinct. M. C. Christian of Elm Mott, who is a candidate for county commissioner, had also failed to get in his application to the right party, but it was decided that if he could get the written consent of his opponents, his name would be placed on the ticket.

The report of the committee to arrange names of candidates, on the ticket, was adopted. The report of the committee was read to the full committee.

The committee to fix assessments of candidates to defray expenses of election, next reported, this report being made by Joel Kinnannon of Bruceville. Mr. Kinnannon said it was a hard problem this committee had, and efforts had been made to be just and fair.

J. William Smith said the committee had no right to include the senatorial primary in the cost of the elections in assessing candidates. He said that the committee would not do so.

Chairman Brown appointed the following committee to arrange for holding the July primary: Wm. Baldrige, Elmer Stovall, George Caulfield, T. H. Claypool, and Ed Punched. The chairman and secretary of the committee were ex-officio members of this committee.

Lon Wortham was the first candidate to pay his assessment, and did so at this juncture.

Chairman Brown moved that precinct chairmen hold the elections or select someone, and this prevailed.

WANTS PLEDGE STRONG.

Dr. E. W. Hall arose at this juncture and speaking in a loud, clear voice, said:

"I believe we should have a pledge on this ticket which will amount to something. The pledge should be to run a democrat and will support the democratic ticket, from constable up to president. There are a lot of foreigners in this country who have got it in for some people in this country who are democrats, and we ought to tie them up if we let them into our primaries. Every man who votes should abide by this pledge, and if some men do not vote who are suspicious as to their affiliations, they should be asked about their democracy right at the polls."

This suggestion was greeted with applause, and though not acted on at the moment was acted on informally and favorably after the committee had adjourned and before the members left the committee room.

The county democratic executive committee then adjourned.

ASSESSMENTS ARE ANNOUNCED.

The total of the assessments fixed by the committee was \$2,700, and was divided among the various offices as follows:

District judge, nineteenth district, two candidates, \$67.50 each.

District judge, seventy-fourth district, one candidate, \$135.

File Complaints When Dog Licenses Are Not Paid

It is reported that complaints are being filed right along in the city recorder's court for citizens who keep dogs and refuse to pay the tag license. Dogs that run astray are caught by the catcher. Those that remain in the yards are not taken by the catcher. But complaints are filed against the owners. The municipal fine in such cases is from \$5 to \$50.

Emancipation Day at Bush Park

Under the auspices of the Baptist Ministers' Union, Rev. J. N. Jenkins, president, no doubt the largest crowd that has assembled on similar occasions for many years, in this section, celebrated the nineteenth at Bush park on the Hoscoe.

The following program was given.

Music, by band.

Scripture lesson, Rev. P. H. Jackson.

Invocation, Rev. P. R. Easter.

Remarks, president of the union.

Music, by band.

Address, Dr. J. W. Strong, president of Central Texas college.

Following the program, brief expressions were made by several ministers and laymen. Among those who spoke was Henry Burk, who is reported to be one hundred years of age.

President Strong made a strong, practical address. The New Hope Sunday school cornet band played.

There was no admission fee at the gate and nothing for sale on the grounds. When the hour for dinner arrived many tables were spread and a vast throng of people made joyous responses to the demands of good appetites. While the crowd was very large the remarkably good order which prevailed throughout the day spoke well for the managers and all who attended.

Auto Smash-up on Corsicana Road

Four negroes and a white man received minor injuries last night about 6:40, when a rent car from Hubbard City crashed into an outboard interurban on the Corsicana road crossing.

The occupants of the car were coming into town to enjoy Emancipation day celebration at Tabernian park. None saw the approach of the fast moving interurban until it was too late to check up the speed, and the auto was hit squarely in the middle. All five were thrown out, and numerous scratches, bruises, and cuts resulted. Another car happened to be passing at the time, and the injured crowd was removed to the Provident sanitarium. The machine was a complete wreck, two wheels being jerked off, the hood caved in, and the fenders and top rolled into an unintelligible mass.

Those injured were Bob Jones, the evangelist, "Hubert" I guess you never stacked up against a church fair, did you?" demanded the victim in the back row.—Chicago Herald.

E. W. MARSHALL, Director Chamber of Commerce.

E. W. Marshall, who was president of the Chamber of Commerce from 1911 to 1913, is a Waco young man whose name is a synonym for hustler, push and up-to-date effort in behalf of community concerns, and nothing has been harder in Waco for a good many years but what he had a prominent part in initiating and securing it for this city. He has been particularly active in all matters since 1901, serving on various committees, and making trips to distant cities at his own expense in order to throw something worth while into the lap of Waco, the city where he was born and which he loves. Mr. Marshall was on the board of directors of the Cotton Palace from 1911 to 1913, and rendered valuable aid in that great work. He has shown unusual effectiveness in all community enterprises for many years, and has been most successful in his private business. He is now connected with the following lines of business: Head of the E. W. Marshall & Co. general fire insurance business; director of the Chamber of Commerce; vice president of the Bankers Trust Co.; director of the Citizens National bank; president of the Texas Association of Local Fire Insurance Agents; director of the Insurance Federation. There never lived in this city a man more popular personally than "Ned" Marshall, as he is familiarly known to his legion of friends. He is indeed a son of which all Waco is proud.

NO SECOND PRIMARY IN McLENNAN COUNTY

COUNTY EXECUTIVE COMMITTEE VOTES DOWN MOTION TO HAVE SECOND PRIMARY.

ASSESSMENTS TOTAL \$2,700

Names Are Drawn for All Places on Tickets—Insist on Rigorous Party Pledge.

By the decisive vote of 17 to 5 the county democratic executive committee yesterday morning decided not to hold the second or double primary as to county candidates, after the matter had been debated some time, the argument at times waxing a little peevish, but still all in good humor.

The assessments were made against the various candidates to cover the cost of the July primaries in this county, and the assessments also provide for the expense of holding the second primary in the senatorial race. There was opposition to making the assessments cover the senatorial primary, but this was decided on almost unanimously.

Candidates were assigned places on the tickets by lot, and arrangements made for holding the July primaries, a committee being appointed to look after this.

Dr. E. W. Hall of Hallsburg made a ringing talk in which he urged that all persons who voted in the primaries should be required to regard the pledge to support the ticket from start to finish, and the committee seemed to endorse the sentiment fully, deciding that this should be done, after the meeting had adjourned. Dr. Hall declared that there were those in this county who did not sympathize with or like the democratic party and yet would seek to take part in the primaries, and this was what he wanted safeguarded he said.

After the committee was called to order the roll was called, showing the following committee members present: H. Elmer Brown, chairman, Ocee; Chas. H. Braun, Waco, secretary; George Caulfield, McGregor; A. B. Ewing, Belvoir; Walker P. Moore, Waco; H. P. Jordan, Waco; Joel Kincannon, Bruceville; C. H. Roberts, Crawford; D. T. Jones, Leroy; J. S. Wagner, McGregor, route 4; L. S. Holstead, Speegleville; W. E. Horne, South Bosque; Henry Quebe, Goshen; J. Wm. Smith, Waco; R. G. Wright, Waco; S. N. De Hay, Erath; W. H. Gorham, Bosqueville; T. J. Logue, Patrick; W. R. Emerson, Gibson; E. S. Gause, Mart; Ben Kennedy, China Springs; E. J. Webb, Downsville; J. R. Laughlin, Eddy; J. W. Powers, Ross; Ben Hatch, Lorena; W. E. Stovall, Robinson; R. F. Brown, Edinburg; Ed. P. Chas. Baldrige, West.

Chairman Brown in opening the meeting, said the time was at hand to see about fixing candidates' assessments and attending to any other business which might properly come before it.

Committeeman Roberts said he thought the first matter to come up would be the matter of the second primary, as the assessments would depend, as to the amount, on whether there was to be a second primary.

SECOND PRIMARY MOTION TABLED.

Committeeman Smith thought this motion had been tabled at the last meeting, but Chairman Brown ruled that the matter had simply come over from the last meeting.

The petition asking for a second primary, coming from West, was read, this having been before the last meeting.

Committeeman Moore asked, in case a second primary should be held, could be held at the same time the second primary is held in the race for United States senator, the answer being that it could not.

The petition asking to table the motion to hold a second primary.

Committeeman Jordan asked that the law governing the holding of second primaries be read, so the committee could act intelligently and quickly, and this was done, J. H. Quarles reading the law.

Chairman Brown said he thought the second primary could not be held on the date of the senatorial second primary.

Committeeman Wm. Baldrige of West moved to adopt the motion to hold a second primary.

Committeeman Smith moved that the committee go on record as favoring a single primary.

Newt B. Williams of Waco asked the privilege of addressing the committee, reading from the law regarding holding primaries, indicating how he thought the committee should proceed to express its opinion as to the primary matter.

There were many points of order raised and discussion indulged in, two or three speaking at once at times.

J. H. Quarles spoke of the best manner of procedure, saying Committee Jordan was partially correct in his contention, but did not go far enough.

Committeeman H. P. Jordan moved that the officers of McLennan county be chosen by a plurality vote.

Committeeman Smith held that Committee Jordan was not a member of the committee, as he was a member of the legislature, and therefore could not be a member of the county democratic executive committee.

Committeeman Jordan said he represented Committee Blair Stribling and was a member.

Henry Quebe thought that no one was asking for a second primary except West, and he thought it simply a political scheme. He did not favor the second primary.

The question was taken on the Baldrige motion to hold a second primary, the vote being five for holding a second primary and seventeen against holding it.

Committeeman Joel Kincannon of Bruceville thought two committees should be named in connection with assessing candidates, in order to expediate matters.

ASSESSMENTS ARE SETTLED.

The question of assessments for holding the senatorial primary, said the chairman, was up for consideration, and it should be determined what to do about this.

Committeeman Jordan thought the expenses of the senatorial second primary should be paid by the successful county candidates—those who secured the nominations in the first primary.

Chairman Brown ruled this out of order, saying the convention could not take this step.

Committeeman Smith said this very question was to be passed upon today by the supreme court. He moved the appointment of a committee to arrange the ballot and fix the assessments on candidates.

It was suggested that places on the ticket, that is, the order in which they are to come, would have to be done by drawing, or by lot.

Chairman Brown named the following committee to arrange the ticket: W. H. Gorham, E. J. Webb, George Caulfield, J. R. Laughlin, Walker P. Moore. The chairman and secretary were made ex-officio members of this committee.

Chairman Brown appointed the following members on the finance committee: Joel Kincannon, A. B. Ewing, T. J. Logue. The chairman and secretary were also members of the committee.

Walker P. Moore moved that the committee recess until 2 o'clock in order to allow committees to fix the assessments, have the drawing for places on the ticket for candidates, and then report back to the whole committee, this prevailing.

AFTERNOON SESSION IS HELD.

It was 2:30 o'clock in the afternoon when the finance committee and the committee to arrange the ticket, candidates on the ticket, appointed at the morning session, re-assembled in the Fifty-fourth district court room at the court house, where sessions were held. The full committee assembled at the same time.

George Caulfield made the report of the committee to arrange the names of candidates. Two candidates from precinct No. 3, West, had failed to make their applications for places on the ticket regularly, but were allowed to go on the ticket. The men who had failed to make application to the right party were W. V. Mayo and A. B. Nelson, for public weigher of that precinct. M. C. Christian of Elm Mott, who is a candidate for county commissioner, had also failed to get in his application to the right party, but it was decided that if he could get the written consent of his opponents, his name would be placed on the ticket.

The report of the committee to arrange the names of candidates on the ticket was adopted. The report of the committee was read to the full committee.

The committee to fix assessments of candidates to pay expenses of the election next reported, this report being made by Joel Kincannon of Bruceville. Mr. Kincannon said it was a hard problem this committee had, and efforts had been made to be just and fair.

J. William Smith said the committee had no right to include the senatorial primary in the cost of the elections in assessing candidates.

WANTS PLEDGE STRONG.

Dr. E. W. Hall arose at this juncture, and speaking in a loud, clear voice, said:

"I believe we should have a pledge on this ticket which will amount to something. This pledge should be, 'I am a democrat and will support the ticket, from start to finish, up to president.' There are a lot of foreigners in this country who have got it in for some people in this country who are democrats, and we ought to tie them up if we let them into our primaries. Every man who votes should abide by this pledge, and if some want to vote who are suspicious as to their affiliations, they should be kept out of their democracy right at the polls."

This suggestion was greeted with applause, and though not acted on at the moment was acted on informally and favorably after the committee had adjourned, and before the members left the committee room.

The county democratic executive committee then adjourned.
